## FOR ALL WOMEN

Non-terrors of all the pain and sicknesses which women suffer is caused by weakness or derangement in the organs of menstruation. Nearly always when a woman is not well these organs are affected. But when they are strong and healthy a woman is very seldom sick.

## McLure's Wine of Cardui

Is nature's provision for the regulation of the menstrual function. It cures all "female troubles." It is equally effective for the girl in her teens, the young wife with domestic and maternal cares, and the woman approaching the period known as the "Change of Life." They all need it. They are all benefited by it.

For advice in cases requiring special directions, address, giving symptoms, the "Ladies' Advisor," Department, The Chattanooga Medicine Co., Chattanooga, Tenn.

THOS. J. COOPER, Tupelo, Miss., says: "My sister suffered from very irregular and painful menstruation and could not relieve her. Wine of Cardui entirely cured her and also helped my mother through the Change of Life."

## Capt. Hall's Mill.

ED. NUGGET:

Your correspondent recently visited the celebrated Chestate mill and to say that there is no better in the state would not be exaggerating.

Mr. Hall spared no pains in showing me all its workings in every particular. Every thing is so simple that a ten year-old child can run it as far as manual labor is concerned. A farmer can take a wagon load of corn there in the ear, when it is unloaded by machinery, shelled, ground and bolted, while the cobs will go through several processes and be mixed up with the bran, and almost by the time he can turn his wagon round every thing is ready for him to start back haying all that he carried.

Now, from the highest authority in the state there is more fat producing element in 70 pounds of corn in the ear (one bushel) ground together than the same number of pounds shelled, or nearly one and a half bushels. And furthermore it is estimated that the loss from feeding corn in the ear to stock would pay the state and county taxes every year for this and all other corn producing counties in Georgia.

Let every farmer try it. He would not regret it. Mr. Hall has not invested all that money for a profit, but spent this six or eight thousand dollars as an educator to the farmers.

Now, Mr. Editor, I have not written this to benefit one man but for the community at large and will have something more to say some time in the future. READER.

## About a Physician and the Drug Store.

EDITOR NUGGET:

I notice that Dr. Vandergriff had to leave Lumpkin county because he failed to register in the clerk's office and comply with the law in other respects regarding his profession. How is it that a drug store can be run in Dahlonega by a lot of females and the owner whose name is run in never visits it more than twice a year? There are some laws that druggists have to comply with or ought to at least, and it should be required of those carrying on the business in Dahlonega. If it is not, then let every merchant in Dahlonega sell all the drugs that he may desire and maybe they will be cheaper. The grand jury should see whether all persons dealing in poisonous drugs in our town are complying with the law.

JUSTICE.

Ex-Rev. J. T. Gibson fell a high fall last week. He was not only expelled from the North Georgia Conference but from the ministry and the church, for having been found guilty of improper conduct with Rev. Mr. Woods wife in Atlanta some months ago. He made no defense and was not even admitted at the conference, but had presented before "writing friendly letters" to Mrs. Wood, and stated that he had "learned to admire in a Christian spirit for the goodness of her disposition and the purity of her character," but the conference found out that there was a good deal more to it and put him in a position where he will not get to eat any more free chicken pies with the brethren. This is the same Gibson who used to get up in the pulpit at the Methodist church in Dahlonega and preach and tell the poor sinners how to act in order to get to heaven.

The Nugget and weekly Constitution both one year for \$1.25.

## Two Pointed Question Answered.

What is the use of making a better article than your competitor if you can not get a better price for it? Ans.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know your make is the best? If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the better one. This explains the large sale of Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty but forth exaggerated claims, but are certain to return to one remedy that they know to be reliable, and for coughs, cold and croup there is nothing equal to Chamberlain's Cough Remedy. For sale by F. W. Hall Mds Co.

## The Mayor of Wilmington Writes to Col. Price.

WILMINGTON, N. C., Nov. 23, 1898.

DEAR SIR:

Your letter has just reached me, and I suspend the rush of all sorts of business that is overwhelming me to write a line of acknowledgment.

There never was a parallel to the revolution here, and never a more splendid exhibition of the quality of self restraint under the most aggravating circumstances than that which characterized the conduct of the white people; and the transition from profound indignation and excitement to normal conditions were remarkable. Our people illustrated their capacity for self government as well as for governing others in a way never surpassed.

I am glad to know that you are still on deck and wish you many more years of usefulness.

Yours very truly,

A. M. WADDELL.

Col. Price served with Hon. A. M. Waddell, the revolutionary Mayor of Wilmington, in the 42nd Congress. During the late trying times in North Carolina, Col. Price wrote a letter to his friend, Col. Waddell, and congratulated him on the triumph of law, order and white supremacy in the old North State. Col. Price felt great interest in the contest, because his paternal ancestors were from Eastern North Carolina.

When you commence to think about stopping your newspaper just think of the fate of the man related in the following little story: "Once upon a time a man got mad at the editor and stopped his paper. The next week he sold his corn four cents below the market price. Then his property was sold for taxes because he did not read the sheriff's sale. He was arrested and fined \$8 for hunting on Sunday, and paid \$10 for a lot of forged notes that had been advertised two weeks and the public warned not to negotiate for them. He then paid a big fellow with a foot like a forge hammer, to kick him all the way to the newspaper office where he paid his subscription four years in advance and had the editor sign an agreement to knock him down if he ever ordered his paper stopped again. Such is life without a newspaper."

"I have made a thousand dollars during the last three months," said a saloon keeper to a crowd of his townsmen. "You have made more than that," quietly remarked a listener. "What is that?" inquired the saloon keeper. "You have made wretched homes—women and children poor and sick and weary of life. You have made two sons drunkards," continued the speaker with trembling earnestness. "You made the younger of the two drunk that he fell and injured himself for life. You have made mother a broken hearted woman. Oh yes, you have made much more than I can reckon up, but you'll get the full account some day."—Ex.

Pains in the chest when a person has a cold indicate a tendency toward pneumonia. A piece of flannel dampened with Chamberlain's Pain Balm and bound on to the chest over the seat of pain will promptly relieve the pain and prevent the threatened attack of pneumonia. This same treatment will cure a lame back in a few hours. Sold by F. W. Hall Mds Co.

A report from the office of the registrar general of England contains the intelligence that 225 women reach the age of 100 years, while only 85 men out of 1,000,000 count the milestone of a century.

## What Others Say of Our New Solicitor.

During Col. Charters' contest for the solicitorship of this circuit his enemies used every means possible to defeat him. They called him a populist, a blue bellied Yankee, a rich aristocrat and every thing else that was mean. Now as the ball is over let us see what our neighbor paper in Habersham county, the Advertiser, has to say of our able official, which is as follows.

"We feel safe in predicting that the Northeastern circuit will have a solicitor to be proud of and that the State's interests will be most ably guarded. We base this prediction upon the past record of the new solicitor.

Mr. Charters was born in Richmond, Va., Jan. 11, 1863. When only nine years of age he was left an orphan. His father having been killed by the falling of the State capitol building in Richmond in 1870, and his mother dying two years later. An orphan boy with scanty means has much to contend with, and this Virginia boy was no exception to the rule, but for the assistance of an uncle, who was himself a poor man, young Charters would probably never been able to gain an education, as it was his education was obtained in the public schools of Richmond. He was enabled to take the law course at Washington and Lee University, and immediately after, came to Georgia and located in Dahlonega, where, at the age of twenty, he was admitted to the bar. In 1886 he was married to Miss Belle Price, a daughter of Hon. W. P. Price, of Dahlonega.

Mr. Charters has served the people of his adopted home as Mayor, and has twice been elected to represent Lumpkin county in the legislature. He was chairman of the committee on railroads in the legislature 1896, and was also chairman of the democratic caucus which celebrated caucus which will be handed down in Georgia political history, which resulted in the election of Hon. A. S. Clay to the United States Senate.

Mr. Charters is a courteous and polished gentleman, and a lawyer of much ability. We will watch with interest his career as solicitor, but as we said before, judging from the past we are sure he will fill the office well."

Such is the Mouth.

The following was written by a boy who was compelled by his teacher to write an essay on the mouth:

The mouth is the front door to the face. It is the aperture to the cold storage of anatomy. Some mouths look like peaches and cream, some look like a hole in a brick wall to admit a hole in a new door or window.

The mouth is the hot-bed for toothache and a bung hole for oratory. The mouth is the crimson isle to your liver, it is patriotism's fountain and a tool chest for pie. Without the mouth the politician would be a wanderer upon the face of the earth and go down to an unhonored grave.

It is the grocer's friend, the orator's pride and the dentist's hope. It has put some men to the rostrum and some in jail.

It is temptation's lunch counter when attached to a maiden, and tobacco's friend when attached to a man. It is the home of the unruly member, the tongue.

Chamberlain's Colic, Cholera and Diarrhoea Remedy can always be depended upon and is pleasant and safe to take. Sold by F. W. Hall Mds Co.

## Sympathetic Husbands.

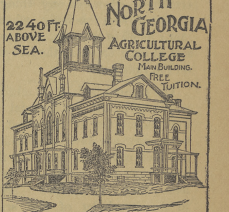

The sympathetic tenderness of a loving husband is everything to an expectant mother, especially during her first ordeal. George Layton, Esq., a prominent druggist of Dayton, O., gives the following case:

A customer of mine, whose wife has used four bottles of "Mother's Friend" before confinement, says, after seeing the effects of the remedy, she had to go through the ordeal again, and there were but four bottles on the market, and the cost was \$10 per bottle, she would have been lost.

"Mother's Friend" is a scientifically compounded liniment which affords certain relief in the various ailments preceding childbirth, and assures proper elasticity to the cords and muscles involved in the final ordeal.

Valuable book, "Before Baby is Born," mailed free on application. THE BRADFIELD REGULATOR CO., Atlanta, Ga.

DAHLONEGA, GA. A college education in the reach of all. A.B., B.S., Normal and Business Man's courses. ## Don't Neglect Your Liver.

Liver troubles quickly result in serious complications and the man who neglects his liver has little regard for health. A bottle of Brown's Iron Bitters taken now and then will keep the liver in perfect order. If the disease has developed, Brown's Iron Bitters will cure it permanently. Strength and vitality will always be yours. In all cases Brown's Iron Bitters is sold by all dealers.

# THE NUGGET.

DAHLONEGA, GA., DEC. 2, '98.  
Entered at the Dahlonega, Ga. P. O.  
as Second Class Matter.

The recent blizzard in England caused many deaths.

Dewey has saved three of the sunken Spanish war vessels at Manila.

All the eastern states were visited by snow and sleet last Sunday. Snow was ten inches deep in New York.

If the State University would drop its foot ball department it would have less enemies in the legislature.

Internal Revenue Agent Colquitt has been dismissed from the service on account of a shortage in his account of \$1,500.

Sam Jones says Hell and Macon are alike, the only difference being that Macon has a river while hell has none. It must be so as Sam has been playing the devil in that city for some time.

Negro soldiers started a riot at Anniston, Ala., last Friday night in which two of them were killed, three wounded and six or eight white enlisted men were more or less seriously hurt.

Gov. Atkinson is a great and good man.—Alpharetta Free Press. If Mr. Atkinson had have given the same amount of financial information while in power that he has since he has stepped down and out he would have been still greater and "zooder."

The present legislature will be unable to help the deficit treasury until its members remain at their post of duty and all pull together. How can any thing be expected from this body when as many as 60 of the members are absent at once enjoying the free rides on the railroads?

The present legislature might as well pass a bill for biennial sessions, as but few of those that are there now can have the cheek to ask their constituents to send them back when their terms expire unless they do more service in the remainder of the session than they have in the first.

It is the intention of some of the democrats who are acting in an official capacity to more thoroughly organize and have primaries in the future. A meeting of the executive committee of the county was called to meet in Dahlonega last Saturday for the purpose of working to this point so as to be ready by the next election but not enough appeared to transact any business.

A bill is now pending before the Legislature, it is understood, to amend the existing laws of the state, relating to fence and stock law elections, so as to require the people of any militia district voting for stock law, to fence that district at their own expense, and within the six months allowed for the law to take the effect, and on failure to do so, to declare such election void and keep such district under fence.

It seems from the proceedings of the North Georgia Conference that there are several preachers belonging to it that won't pay their debts. The Bishop said last Saturday that no man should be ordained who would not pay his debts. He said that he had received many letters from creditors of preachers and he thought if there was any man in the world who ought to pay his debts, it is a Methodist preacher.

The Blue Ridge World very truthfully remarks that one of the worst things that can befall a boy is to have the liberty to stay out late at nights. This is too often a fatal privilege, for it is during the night when all mischief is planned and executed. The boys who are permitted the freedom of the streets at all hours of the night are the boys who fill the jails, work-houses and penitentiaries, and bring great sorrow to their relatives and friends.

## Mining Notes.

Mr. Titus, who has been engaged for some time in preparing machinery to test the bed of the Yahoola for gold, has completed it and is now at work at the mouth of the stream. If he finds that it will pay an additional outlay of money will be made for machinery to thoroughly work it.

Mr. Whorton of the Calhoun, is absent at home where he will remain until the holidays are over, but his deposit mining is going on as well as the repairs on his mill and other improvements.

All the works of the Dahlonega Consolidated mines are progressing. At the Yahoola they have built a road to the cuts so as to be able to get the timber in. They are now engaged in building a car track to carry the ore from the big vein to the ore yard.

At the Hand the men have been busy making a large ore yard to accommodate the vast amount of ore that will come from the Knight and other veins. A track is now being built to carry the ore to the yard.

They have their ore yard completed at the Findley and have the tunnel half way to the large mass of fine ore.

They have the water pumped out at the Barlow and have finished draining the shaft on the Dog-head vein and are now taking out some fine ore. This vein when worked run as high as \$54 per ton. The mill water has been put on the New York surface and a rich deposit is now being worked.

We are informed by Capt. Ingersoll, the general manager of the Dahlonega Consolidated Co., that in the next week he will be ready to start fifty hands taking out ore.

Things are moving along as usual at the Betz mine. After a delay of about ten days in the shaft caused by some broken machinery, it is again in working order and the water will soon be pumped out and work resumed.

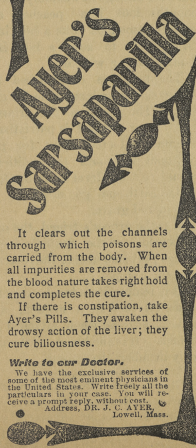

John Hutcheson is now engaged in building a ten stamp mill on the Roper property near Auraria for D. O. Stewart. Only five stamps will be put in at the start. The others to be added later.

The steamer Portland and 99 people aboard perished in the blizzard between Portland and Boston last Sunday. Forty lives were lost in Boston harbor alone.

## Half Sick Half Well

Many persons have their good day and their bad day. Others are about half sick all the time. They have headache, backache, and are restless and nervous. Food does not taste good, and the digestion is poor; the skin is dry and sallow and disfigured with pimples or eruptions; sleep brings no rest and work is a burden.

What is the cause of all this? Impure blood. And the remedy?

**Ayer's Sarsaparilla**

It clears out the channels through which poisons are carried from the body. When all impurities are removed from the blood nature takes right hold and completes the cure.

If there is constipation, take Ayer's Pills. They awaken the drowsy action of the liver; they cure biliousness.

**Write to our Doctor.**

We have an exclusive privilege of some of the most eminent physicians in the United States. Write freely all particulars in your case. You will receive prompt attention. Write to Dr. J. C. Ayer, Lowell, Mass.

## Thanksgiving in Lula, Ga.

The day was bright and lovely and everybody seemed to be in a good humor. The good ladies of the town, assisted by some of the young men, spent part of the day in gathering from forest fields and garden beautiful green boughs and branches with leaves of many tints and shades of color, fruits, vegetables, flowers and the golden sheaf. With these the altar and interior of the church was tastefully decorated. At night the people of all classes and denominations assembled at the church and engaged in a service of songs and prayers and Thanksgiving talks. Taken altogether this was an enjoyable occasion, and to many we trust a profitable one.

Dr. Howard made us glad a few days ago by dropping in to see us while on his way to the Conference. Wish he would come again.

There are many other incidents of which we may give some account of later. READER.

## The Conference.

The North Georgia Conference, which was held at Augusta, has closed one of the most interesting sessions that ever convened. The next session will be held at LaGrange. The following are the appointments for the Dahlonega District:

Ellison R. Cook, presiding elder; Dahlonega, D. M. Edwards, G. Hughes, supply; Lumpkin mission, supplied by L. L. Landrum; Cleveland, A. A. Sullivan; Clayton circuit supplied by W. R. Stillwell; Hughes; Blairsville, Z. Speer; Elijah mission, A. B. Weaver; Jasper, W. E. Tarpley; Dawsonville, W. W. Gaines; Clarksville and Turnersville mission, J. D. Milton; Young Harris, W. S. Robinson; Blue Ridge and mission, E. W. Rogers; Morganton, supplied by J. M. Watts; Demorest, C. C. Spence; Loudsville mission, supplied by W. C. Curry; Young Cane mission, supplied by I. C. Hughes; Ball Ground, B. H. Mobley; Young Harris college, president, W. F. Robinson; professor, W. S. Robinson; Birmingham mission, G. P. Gary; J. S. Green Collegiate institute, C. C. Spence, W. H. Cooper, who preached at Dahlonega this year, will go to Middleton in the Elberton Circuit.

J. T. Gipson who was expelled from the Conference, has issued a statement in which he severely denounces the method of the presiding elder, W. P. Lovejoy. "Why should I be persecuted," he says, "when there are others in the Methodist Conference guilty of the grossest immortality?"

Gov. Candler sent a special message to the legislature last Tuesday on finance, recommending \$400,000 in the school fund for two years. He says we are going too fast. The governor also recommends pensions only to those veterans and soldiers' widows who actually need help.

## What Shall Be Done

FOR THE DELICATE GIRL.

You have tried iron and other tonics. But she keeps pale and thin. Her sallow complexion worries you. Perhaps she has a little hacking cough also. Her head aches; and she cannot study. Give her

## Scott's Emulsion

The oil will feed her wasting body; the glycerine will soothe her cough, and the hypophosphites will give new power and vigor to her nerves and brain.

Never say "you cannot take cod-liver oil" until you have tried Scott's Emulsion. You will be obliged to change your opinion at once. Children especially become very fond of it; and infants do not know when it is added to their food.

Sole and Retailers: All druggists. SCOTT & BOWNE, Chemists, New York.

The military fund is wiped out by the house appropriation committee.

The big strike is over in Augusta and all the mills are in operation.

An American paper has been started in Cuba called The Santiago Herald.

The next House stands as follows: Republicans 184, democrats 169 populists—4.

The Second Georgia was to have been mustered out of service Wednesday.

Charles Bracker is now on his third trial at San Francisco for forging a \$22,000 draft.

Atlanta now has a female shoe shiner. She will do well as one of the men give her as much as 50 cents for a single shine. Her name is not known.

Rev. Coggins was expelled from the North Georgia Conference at Augusta last Monday charged with inefficiency and insubordination who left the conference in tears.

There will be no more war with Spain. She has agreed to the American peace terms, without conditions, but wants it understood that she still thinks she is right.

Walter Stewart, attempted to commit suicide by hanging in a police cell the other day while he was drunk. He was discovered by the turnkey and his body cut down in time to save his life.

Mr. McFarland, populist member from Franklin, wants to reduce the per diem of members of the general assembly from \$4 to \$3. Fifty cents per day would be big pay for some of the present members.

The bluffs election comes off on the first Saturday in January which will wind up the elections for some time. We haven't heard of any one yet who is willing to serve the dear people in this capacity, but we guess that some body will come out in due time.

It seems that no one in Coffee county wants to represent her in the legislature as the seat is still vacant and no one has made application for it. There don't seem to be as many hungry office seekers in that county as in most of the other counties.

The committee on appropriations in the legislature have agreed on some cuts. The fund for incidentals at the mansion and capitol was cut from \$20,000 to \$11,500. The lunatic asylum was allowed \$260,000, a cut of \$30,000. The state normal school was allowed \$12,500 a cut of \$10,000. The committee is still at work.

Casualties from the storm Saturday and Sunday on New England coast is heavy. It was the most disastrous storm of which there is record for many years. More than 75 lives were lost in the wrecks of tugs, schooners and coal barges. Every bay and inlet can tell its tale of disaster. Fifty vessels are lost by being ashore or sunk in and near Boston harbor.

The captain of Speaker Little's bill is as follows: "A bill to be entitled an act for the listing and appraisal of all real and personal property in this state, for purposes of taxation; to create a state board of tax commissioners; to provide the manner of their selection; to prescribe their duties and powers and to fix their compensation; to create a county board of assessors in each county of this state; to provide the manner of their selection, to prescribe their powers and duties and to fix their compensation; to prescribe when, where, and in what manner property shall be listed and returned for taxation and assessed in the several counties of this state; to prescribe the manner of assessing property of certain corporations herein named; to provide for a taxation of collateral inheritances and for other purposes connected therewith."

## ELECTION FOR TOWN COUNCIL.

An election is hereby ordered to take place on Saturday Dec. 3rd, 1898, for a mayor and four councilmen to serve for the year 1899. Said election will be held under the law governing the election of members of the general assembly. This Nov. 14th, 1898.

W. P. PRICE, Mayor.  
J. M. BROOKSHIER, Clerk.

## A. G. WIMPY'S LAND, NOTES, ETC., FOR SALE.

Will be sold before the court house door, in Dahlonega, just after the legal sales, on first Tuesday in December next, to the highest bidder for cash, the following property belonging to estate of A. G. Wimpy: Lots of land Nos. 113, 184, 185, 321, 246—24th district, 1st section. 33, 345—15th district, 1st section. Also the notes, accounts, and judgments of said estate in batches of five and ten.

A. W. MEADERS, et al, Ex'rs.

GEORGIA—LUMPKIN COUNTY. John L. Graham having made application to me in due form to be appointed permanent administrator upon the estate of John B. Graham, late of said county, notice is hereby given that said application will be heard at the next regular term of the Court of Ordinary for said county, to be held on the first Monday in December, 1898. Witness my hand and official signature, this November, 1898.

W. H. C. TATE, Ord'y.

## NOTICE TO DEBTORS AND CREDITORS.

All persons indebted to the estate of the late Charles A. Besser will pay the same to the undersigned. Persons having claims against the estate will file the same in terms of the law.

W. F. PRICE, Administrator.

## LUMPKIN SHERIFF'S SALES.

Georgia, Lumpkin County. Will be sold before the court house door in Dahlonega, Lumpkin county, Ga., on the first Tuesday in December 1898, within the legal hours of sale, to the highest bidder for cash, the following property, to wit: Lot of land No. 74 in the 12th district and 1st section of Lumpkin county, Georgia. Levied on the property of James H. Rider and L. C. Gaddis to satisfy a debt issued from the Justice Court of the 935th District, G. M. of said county in favor of John Simmons against the said defendants. Levy made and returned to me by J. F. Perdue, L. C. Nov. 8, 1898.

J. M. BROOKSHIER, Sheriff.

## LEGISLATIVE NOTICE.

Notice is hereby given that a bill will be introduced at the present session of the legislature entitled an act to establish a board of roads and revenues for Lumpkin county.

## Halffield & Evans'

Feed and Livery Stables. Best attention given to stock. Horses and vehicles can be had both day and night at reasonable prices. Located in building below College Street bridge near Public Spring. nov 4 98

## G. H. McGuire, JEWELER,

Dahlonega, Ga. Having permanently located in Dahlonega I am now ready to do all kinds of work in my line at prices to suit the times. Bring along your clocks, watches and sewing machines. All work guaranteed for twelve months. Shop next door to A. F. Norton's old stand. G. H. MCGUIRE. april 23 11

## HALL HOUSE, Dahlonega, Ga.,

J. F. CASTLEBERRY, Proprietor.

Rates: \$2.00 per day. \$7.00 per week, \$25.00 per month. HOT and COLD BATHS.

# THE NUGGET.

DAHLONEGA, GA., DEC. 2, '98

Aaron McDonald, of Barnard, Kan., is here on a visit to relatives.

We only need \$1.25 per cord for wood to heat up the NUGGET with.

Herbert Blackwell, of Wahoo district is speaking of moving to town.

Postmaster Crenshaw of New Bridge was up on business last Friday.

We are promised another wedding in Dahlonega in a few days with a supper to cost fifty dollars.

Remember the Mayors election comes off to-morrow. All those who were nominated will serve.

Yahoola is still in the lead. A fellow was seen carrying a pistol up there some days ago while digging a grave.

John Whelchel, of Anniston, Ala., arrived in our city last Friday on a short visit to his parents, in company with his wife.

Bill Dotson was arrested the other day for removing some iron pipes belonging to Capt. Ingersoll. The case was compromised and all parties satisfied.

Several droves of nice mountain beef cattle have passed through Dahlonega during the past few days for the lower market. The price of beef has advanced and cattle men are happy.

Mr. J. H. Jenkins and Miss Josie Satterfield were wedded on Thursday evening of last week at the residence of W. H. Satterfield, the brides father. Rev. W. H. Parks officiating. We extend to them our warmest congratulations.

Col. Charters returned from Florida latter part of last week where he had been on a little fishing expedition with two other friends. The weather was so disagreeable and wet that they only got in one day but they succeeded in hooking 125 pounds.

If you see a cross mark on the wrapper or margin of our paper remember that it means that your subscription has expired, and you are requested to send in or hand us a dollar if you want the NUGGET to continue its visits to your house.

The barroom that is run by females in Yahoola district seems to cause a good deal of trouble up in that neighborhood. People visit it both far and near. They have some patrons who live in Dahlonega. Ten or twelve miles is a good way to go after a drink of liquor but a person who loves it cares not for the distance.

Some of the postmasters down the line don't seem to know where Landrum, Ga., is. There seems to be no more chance of getting a paper there now than to Cuba during the war. We are getting tired of the appointment of careless and incompetent postmasters. Men who cannot read nor write should not be put in charge of the business of an office, we care not what their politics are.

The soot catching in one of the chimneys at the Hall House Saturday night caused much excitement. The wind was at almost cyclone speed causing the sparks to blow all over the square. If all our citizens would burn out their chimneys while the roofs are wet there would be no danger of them taking fire of a dry windy time. There is an ordinance requiring this but it is like several others, not carried out and is not worth the paper that it is written on.

Last Saturday is the first time an intoxicated white woman has been seen on the streets of Dahlonega in many long years. Judge Estes will wake up the blockaders when he comes to court which will put a stop to some of the drinking. Men who have heretofore been above suspicion in dealing in liquor have become so bold with the sale of it that those using it will look about them when they come to town like those around a bucket of honey.

Chestnuts sold at 50 cents per bushel in Dahlonega last Wednesday.

Miss Pearl Strickland, of Dawson county, has been on a visit to Dahlonega since Friday.

James Hughes, of Auraria, writes us that he does not get his paper more than once in every two weeks.

Now is the time to get your job done so as to be ready at the beginning of the new year. Come to see us.

Mrs. Brittan fell last Sunday afternoon and received such injuries as to cause her to take her bed for a few days.

Judge Gaston and his beautiful daughter, Miss Carrie, came up from Gainesville Sunday afternoon and spent until Monday with relatives.

A typographical error made us say on the first page that you could get the NUGGET and Constitution for \$1.25. It should have been \$1.75.

The revenue authorities made quick work in Tom Sullin's case last week. He was bound over Thursday for illicit distilling and by Monday he was in Fulton county jail serving out a 25 days sentence.

While J. B. Browne was out one day this week locating a land lot some distance from his house he discovered the copper plate that was stolen from the Mary Henry mill the night before the general election, where it had been hid by the thief.

Another row occurred across the river at a corn shucking last Saturday night resulting in one man losing three of his front teeth. It occurred at Al. Strickland's, caused by too much liquor. Frank Adams and Will Williams were fighting when old man Strickland interfered, resulting in Adams disfiguring him as before stated.

Prof. Stewart, the wide awake president of our college, has returned after being absent attending the Conference and looking after the interests of the institution which he has charge of. The Professor states that the appropriating committee recommended an appropriation of \$6,000 annually together with \$6,000 insurance without a descending voice for the college.

Are you buying time? Or do you save money by buying for cash at B. R. Meaders & Sons? Compare these prices: Bunch thread 7c, leggings \$1.00, powder 25c., shot 8c. Shirting, shooting and checks 5c., candy 8c. Watch our window Monday. The finest and best assortment of Xmas presents in town. Also a fine line of glass and tin ware. Come early and avoid the rush.

S. Silvey, the polite drummer of Atlanta, spent a day or two in our town this week. He is very fond of dogs and had with him two hounds which he purchased in Dawson county last week, paying \$15 for the two. Mr. Silvey keeps posted in the prices of goods but is unacquainted with the dog market. One sold in Dahlonega the other day for a pickle. If you want dogs you will save money by buying them in Dahlonega.

For the second time within the past few days Bill Dotson has been arrested by Sheriff Brooksher for interfering with the progress of some deposit miners by taking a portion of their working outfit. Last week he moved some pipe in charge of F. V. Moose, and last Tuesday he was arrested on a possessory warrant for taking away some hose from the operations of Watts, Davis and Howell. The case was tried before Judge Worley who rendered a decision in favor of the plaintiff, Dotson to pay the cost. The miners carried the hose back but it is not known how long they will get to work before Dotson makes another raid on them. A few more such actions will cause him to have to make a bond or land in jail until Judge Estes can pass upon it.

Some one got so full of liquor Sunday night that he fired off his pistol a number of times near the college at about 8 o'clock.

Mrs. Florence Boling is on a two weeks visit to her sister Mrs. H. D. Gurley, in Dahlonega, together with her little daughter, Leslie.

M. J. Williams is still in the 'possum business. He buys all he can get and ships them to Atlanta. He has already shipped one load of these favorite wild animals.

Mr. Parshall, of Atlanta, father of young Parshall who married Miss Emma Webb in Dahlonega, was in our city a few days this week. He went from here to Union county.

John Whelchel, who is here from Anniston, Ala., says that there are nine thousand troops stationed in that city and eleven hundred of this number are now sick and several deaths occurring every day.

Some of our farmers grind up too much rotten corn to find a ready sale for their meal. They think it is the best way to make a profit on that which would be a loss if they were to bring it to market in the ear.

It is said that Golie Townsend knocked West Dowdy down and tattooed his head with a ground biscuit late Saturday afternoon near town for having caught him in company with his wife. A separation has taken place.

The two young men who went over into Hall on a courting expedition last Sunday didn't get in until 2 o'clock the next morning. It is a long ways to go to see the girls when there are so many pretty ones nearer waiting and watching.

Old John Barley Corn made his appearance again in Dahlonega last Saturday night and several men and even a few boys could be seen associating with him. Some of our officers are getting too neglectful. If they don't mind John will take the town by Christmas.

Some of our citizens are still buying their ceiling and flooring in Hall county, near Gainesville. Our saw mill men should wake up and look to their interest and not let money go away into another county when they can supply the lumber just as cheap here if they would only do it.

Simian Adams and Frank Parker, both of White county, were arrested by Deputy Marshal Grizzle last week for violating the revenue law. Parker has already had his trial and is now in Fulton county jail. Adams will have his tomorrow and will doubtless have to travel the same road that his companion has gone.

Some of our citizens speak of petitioning the next town council to dispense with the service of a marshal. They say that it is useless to pay three hundred dollars for an official of this kind unless there was more for him to do. It is claimed that only a night watch is necessary during the winter months to keep a look out for fire.

It seems that some of our colored citizens having family troubles are applying to the town marshal for relief instead of the courts. Our marshal can't grant any kind of a divorce but can keep their wives and sweethearts from exchanging words of love until Judge Estes comes by putting them in jail.

Lumpkin county has some of the smartest women in the world. One residing near town cuts and puts up nearly two cords of wood every day. Then one day last week we saw a wife up on top of a house assisting her husband in covering it. If the women only had a chance and received as good wages as men they would save more money and the country would be more prosperous. But as it is many a woman loses as much corn as men during the summer and only gets 25 cents per day for it. This is not right. Give the women a chance and the whole world will prosper.

We are informed that the Jay saw mill will likely be moved more conveniently to timber and run by steam.

It was reported that the wife of Harrison Anderson, col., died down at Col. Baker's farm Saturday very suddenly, but upon an investigation it was found to be a mistake, though being low. She lingered until Sunday morning before she died. Throat trouble was the cause.

The following party of ladies and gentlemen came up Sunday afternoon and stopped at the Hall House until Monday morning when they all returned to Gainesville: H. D. Jaquish and wife, of Gainesville; Miss Clark, Atlanta; Mrs. Bloomstein, Ohio; Mrs. Brake, Washington, D. C.; H. N. O'Neil, Gainesville.

Uncle Cale Seabolt was in town last Monday with his old reliable horned horse which weighs 1,200 pounds and can pull three hundred more pounds than this. Uncle Cale has his ox well trained. It will get between the shaves, raise them with his horns and get the yoke over its neck and would fasten the bough if it had any hands.

Judge Tate informs us that he has every thing ready for the bridge builders at Bearden's bridge and the contractors have been notified of the fact with the hopes that they will commence and complete it earlier than the 20th inst., the time fixed in the contract, so as to give our friends in the eastern part of the county a chance to come to town.

On Thanksgiving day the Freshman and "A" teams met on the drill field to play a match game of football. The game continued about two hours and then ended in favor of the Freshman team by 25 to nothing. Each side wore their class colors while in the contest. Brumby is captain of the Freshman team and Reynolds of the "A" team.

The waters up in Chestatee district are "troubled" again on account of another illicit distillery, said to belong to Wes Ravan, being destroyed last Saturday by Deputy Marshal Downs, of Union county. The two operators escaped but the marshal has them spotted and it is useless for them to try to keep out of Uncle Sam's clutches for they can't do so long.

Most of our readers will remember hearing of the difficulty some months ago up in Chestatee district between F. H. King and a fellow named Allison, who got into trouble while at an illicit distillery in company with U. S. Deputy Marshal Downs. King afterwards swore out a warrant for Allison who was bound over by Squire W. G. Spencer. Then at the last term of Lumpkin Superior Court a true bill was returned against Allison for an assault with intent to murder. In the mean time Allison swore out a warrant against King for the same offense and last Saturday the case was set for trial before the same Squire but Ben Swain and other witnesses were absent and the case was continued until the first Saturday in January.

Last Saturday the cold wave reached Dahlonega and it was a regular blue whizzer. Monday we had sleet causing all kinds of outdoor work to be very disagreeable. Even Jim Rice, who has mined more than any man of his age residing in the county, had to lift his feet from the water Saturday afternoon and move out to a warmer place. Right here we will say that Mr. Rice puts in better time than any of the miners and therefore is generally successful. He works for himself and makes it a rule to put in ten hours every working day unless the weather is extremely cold, and if others would do so there would be more money in circulation. While working on the Sand Branch, which belonged to A. G. Wimpy, some years ago, he made 3,800 pennyweights of gold in three years with the assistance of only two hands. This shows what labor will do.

Cotton and cotton batting, bunch thread, &c., at G. McGuires.

All our laborers are busy now that want work.

The work on the new school building is now progressing every day that the weather will permit.

Dr. Vandergriff, formerly of Porter Springs, Ga., has now located at Flats, Macon county, N. C.

Mr. Edwards, the contractor of the new school building, has moved his family from Atlanta and has become a citizen of Dahlonega.

We understand that Wash Walker, a son of John Walker, residing in Auraria district, had a pistol and some money stolen from him while on a visit to the upper portion of the county a few days ago. If a few more boys in this county would lose their pistols it would be best for them and their parents.

There is no danger of any change being made in the line of Lumpkin county. We heard the law read the other day and it is quite different in regard to such changes to what it used to be. Some years ago it had to be done by the legislature but now it is done by the ordinary when a petition is presented and it advertised in the newspapers after having received a two thirds vote of the grand juries of both counties in which a change is desired. No grand jury of Lumpkin will ever vote to give a portion of her county away.

At a convention last Monday night composed of a goodly number of citizens, of which Col. W. A. Charters was elected chairman, the following municipal ticket was selected for next year. For Mayor, Col. W. P. Price, nominated for re-election; for councilman, G. McGuire, E. B. Vickery, H. D. Ingersoll and W. J. Worley. This is a good ticket and one which we will heartily support. All of these gentlemen have served on the council a number of times. It is one of the best representative bodies that has been selected in a long time. Col. Price represents the legal profession, Prof. Vickery the college, Capt. Ingersoll the mining industry and Capt. Worley can represent all classes. Really the Captain can perform duties that neither of the other members can discharge. He is Justice of the Peace and when the Marshal brings up a couple of single evil doers where a force wedding is necessary Mr. Worley can tie the knot and let them go away rejoicing.

As has been before stated some of our citizens are in favor of dispensing with the services of a town marshal in order to reduce the expenses of the town. We are not, for we cannot get along well without a marshal which will soon be found out whenever it is tried. The best way is to elect a good bailiff and appoint him marshal. He can attend to both and make a good living even if the salary of the marshal is reduced to about one-half. This use to be the rule and it worked well and saved a good deal of money to the tax payers. There will be no trouble in getting good competent men to serve. The expenses of our town are too much and a reduction is badly needed which can easily be made. Parties who get drunk and violate the law should be required to pay their fines in money or do good work on the streets immediately and not be given their own time to do so as has heretofore been the custom. They can get money to buy liquor with and if pinned down could raise their fine money. Then again when a defondant works his fine out on the streets the marshal should not receive any cost out of the town treasury for such arrest when receiving a salary. This used to be the rule here and there was less piddling about on the street for the marshal generally managed not to loose his cost. Besides this all fines were charged up to the marshal when their business it was to collect them or they were deducted from his monthly salary. Then the marshal did his duty and the town lost nothing.

We are sorry to learn that our friend Wm. Scott is growing worse.

Mrs. Tobias Rankins' letter was received too late for this issue. It will appear in our next.

If the stock law is such a good thing for Lumpkin county why is it that so many citizens are moving out of the districts where it is in force?

Miss Caroline, a daughter of Berry Crane, died a few days ago in the western portion of the county. The wife of Mr. Crane is seriously sick with typhoid fever.

We understand that 17 boys already signed a petition asking for a stock law election to be held in the town district which question will likely come before the people at an early day.

Albert Peck was seriously but not dangerously injured down at the Singleton last Wednesday by a large rock rolling down on his legs, and a portion of of his body while he was at work in the cut.

If those who go ten miles to patronize the Yahoola bar room would give the money they spend for liquor to some poor person it would do much more good and comfort and be a blessing to several that are now in distress. Why not give it to that poor old man that can be seen on our streets so thinly clad that he shivers with cold and doubtless needs for something to eat many times?

Some of *Cane Creaks'* citizens were consulting a lawyer last week about the stock law in their section. They propose to commence a legal suit just as soon as those in the "cut off" tear down their fences and commence putting up any stock. It is asserted that these cut offs are illegal in this county, as there seems to be no formality about them. If a man wants to be in the stock law section he notifies the ordinary, who sends men to blaze out the way in a day or two without any notification whatever.

Harrison Walker, a son of "Long Wash," is now hiding from the officers on account of some of his actions up in Yahoola the other day while drunk. He fired some broom straw close to Fate Wilkins' house. It was extinguished by some parties. Then he went on the other side of the house and put fire out, which came near getting to the building. Before doing this he amused himself by firing off his pistol while traveling the main road. A warrant was procured and the young man lit out, but we expect to hear of a compromise and every thing adjusted before long. How can those jurors that are drawn up there to serve on the next grand jury shut their eyes at this kind of conduct?

Jake Postell and two of the Gilreaths, Joe and his son William, of Union county, had a fight up at Andy Caldwell's corn shucking in the upper portion of Lumpkin county the other night. It seems that while Jacob was over in Union recently Wm. Gilreath and others made Jake partially disrobe himself. Not being satisfied with this part of the exposition they carried him down to a stream and ducked him. Jake was alone and couldn't help himself but returned home hoping that he might be able to reward them some time when they crossed over on this side of the Blue Ridge. Sure enough when Wm. Gilreath and his father and they met at the shucking and they all got to feeding their liquor the fun commenced. The boy proposed to duck Jake this time by himself, and they started off for a test, all to be done in a good humor but John Barley Corn was opposed to this and it was not long before Gilreath grabbed Postell's ear with his teeth causing Jacob to get mad who with a strong Sullivan like kick downed his antagonist. This brought out Max Gilreath into service when Jacob let loose the boy and soon had father and son stretched out side by side. Friends stopped the row letting the Union county men retire from the field with their feathers down leaving Jacob the high cock of the walk.

When the liver and kidneys are diseased it produces a feeling of despondency and gloom of mind that it is impossible to shake off. The victim needs the help of a remedy that will restore the deranged organs to their normal healthy condition. Dr. J. H. McLean's Liver and Kidney Balm will bring about this result by stimulating them to increased activity in removing the waste of the system it restores health and vigor mind and body. Price \$1.00 a bottle. At J. F. Moore.

The death of John Keely, of Keely motor fame develops the fact that his associates still hope for great things as a result of the life work of the inventor. The president of the company appears to have had the greatest faith in Keely's plans and cherishes the hope that the manuscripts of the dead man may reveal all of his secrets, so that they may not go to the grave with him. The general public had but little faith in Keely and his schemes, but he always found people with plenty of money to enable him to carry on his plans.

Pains in the small of the back indicate a diseased condition of the kidneys. Owing to the dangerous nature of the diseases which attack these organs it is important that measures should be taken to remove the trouble before it has become too firmly fixed. Prudence would suggest the prompt use of Dr. J. H. McLean's Liver and Kidney Balm, which has specific action on the liver and kidneys, and will cause an early restoration to healthy conditions. Price \$1 a bottle. At J. F. Moore.

Negro troops en route to Macon attempted to lynch an engineer on the Southern railway because his train accidentally killed one of their comrades. Every day some fresh incident gives new evidence of the fact that the negro is unfit for service as a soldier in the volunteer army.

IT IS BAD. Very bad policy to neglect symptoms of trouble in the kidneys. If allowed to develop they cause much suffering and sorrow. Bright's disease diabetes and dropsy owe their great prevalence and fatality to neglect of the first warning symptoms. Dr. J. H. McLean's Liver and Kidney Balm is a certain cure for any disease or weakness of the kidneys. A trial will convince you of its great potency. Price \$1.00 a bottle. At J. F. Moore.

## A NEW TRIUMPH.

The Dreaded Consumption Can Be Cured.

T. A. Slocum, the Great Chemist and Scientist, Will Send to Sufferers, Three Free Bottles of His Newly Discovered Remedies to Cure Consumption and All Lung Troubles.

Nothing could be fairer, more philanthropic or carry more joy to the afflicted, than the generous offer of the honored and distinguished chemist, T. A. Slocum, M. C., of New York City.

He has discovered a reliable and absolute cure for consumption, and all bronchial, throat, lung and chest disease, catarrhal affections, general decline and weakness, loss of flesh and all conditions of wasting away; and to make his great merits known, he will send three free bottles of his newly discovered remedies to any afflicted reader of the NUGGET.

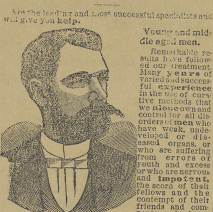

Already his "new scientific system of medicine" has permanently cured thousands of apparently hopeless cases.

The Doctor considers it not only his professional, but his religious duty—a duty to which he owes to suffering humanity—to donate his infallible cure.

He has proved the "dreaded consumption" to be a curable disease beyond a doubt, in any climate, and has on file in his American and European laboratories thousands of "heartfelt testimonials of gratitude" from those benefited and cured, in all parts of the world.

Catarrhal and pulmonary troubles lead to consumption, means speedy and certain death. Don't delay until it is too late. Simply write T. A. Slocum, M. C., 98 Pine Street, New York, giving express and postpaid address, and the free medicine will be promptly sent. Please tell the Doctor you saw his offer in the NUGGET. Jan. 28.

## DR. HATHAWAY & CO., SPECIALISTS

When the liver and kidneys are diseased it produces a feeling of despondency and gloom of mind that it is impossible to shake off. One Dollar Per Annum

VOL. IX—NO. 51.

DAHLONEGA, GA., FRIDAY, DECEMBER 9, 1898.

W. B. TOWNSEND, Editor and Proprietor

## MONTHLY SUFFERING.

Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides, hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

**McELREY'S Wine of Cardui**

makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?

For advice, in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

Mrs. ROZENA LEWIS, of Grapeland, Texas, writes: "I was troubled at monthly intervals with terrible pains in my head and back, but have been entirely relieved by Wine of Cardui."

## SOUTHERN RAILWAY.

Condensed Schedule of Passenger Trains. In Effect Nov. 20, 1898.

Northbound. Trains No. 28, 38, 48, 58, 68, 78, 88, 98, 108, 118, 128, 138, 148, 158, 168, 178, 188, 198, 208, 218, 228, 238, 248, 258, 268, 278, 288, 298, 308, 318, 328, 338, 348, 358, 368, 378, 388, 398, 408, 418, 428, 438, 448, 458, 468, 478, 488, 498, 508, 518, 528, 538, 548, 558, 568, 578, 588, 598, 608, 618, 628, 638, 648, 658, 668, 678, 688, 698, 708, 718, 728, 738, 748, 758, 768, 778, 788, 798, 808, # THE NUGGET.

DAHLONEGA, GA., DEC. 9, '98.

Entered at the Dahlonega, Ga. P. O. as Second Class Matter.

Talk up your town.

And subscribe for the NUGGET.

Congress convened last Monday.

Cathoon county went dry Thursday by 37 votes.

The legislature will begin night sessions next week.

The jubilee of the Georgia legislature will soon come to an end.

The Soldiers Home goes over till the next session of the legislature.

Maj. Gen. Butler says that 3,000 well-to-do Cubans are starving to death in Havana.

The lower house of the general assembly has said by its actions that you must not kill doves.

Oliyer Freland, of White, who was charged with illicit distilling, was acquitted by Com. Baker last Wednesday.

Henry Roark, who killed Earnest Findley in Gainesville some time ago has been carried to the penitentiary.

Bishop Turner said during the recent session of the Macon African conference at Dublin, that negroes should move to Africa.

Now that peace has come the money intended to buy ammunition and guns will be used to buy food for the starving Cubans.

It is not believed that Representative Willingham's temperance bill will be reached this session. Even if it did it wouldn't pass.

A very destructive rain storm visited Baltimore last Sunday which unroofed eight hundred houses. The gale was 60 miles an hour.

Mr. Calvin of Richmond county seems to be one of the most active members in the legislature. You never hear of him being absent or asleep during business hours.

Oscar Maddox, who once sang with evangelists, Sam Jones and Moody, was sent to the stockade in Atlanta the other day to serve a sentence of one week for being drunk.

Governor Tanner, of Illinois, has been indicted by the grand jury for not interfering and stopping the riot at Virden when a car load of negroes were sent from Alabama to take white men places who had struck in the mines.

After a contest the populist candidate from Murray county has been seated in the Georgia legislature. Now the other few populist members won't look so lonesome. Two democrats were also seated last Friday. One from Bryan and the other from Screven.

Lumpkin county received for the present year from the State \$3,880 for pension and \$6,000 for public schools. Total \$9,886, while she only pays into the state treasury \$4,343. Twenty counties pay the States bill. The other 117 draw from the treasury more than they pay in.

The soldiers belonging to the Second Georgia were mustered out in Atlanta last week and all have returned to their respective homes unless it is some who were too sick to leave the hospital and others that couldn't get out of the lock up. They had a big time in the city after they were discharged and some robbed while others got robbed.

Prohibition was defeated in Bibb county last Thursday by a majority of 1,398. The ladies took possession of the polling places and served coffee and sang hymns, but the majority wanted something stronger and received it. This shows that all Sam Jones' slang didn't amount to a row of pins. Neither does ladies appearance at the polls effect any thing. The polls are no places for ladies. The negro women and white ladies sang against each other.

## To Mine For Gold in Georgia.

Columbus, O., December 8.—J. C. Rosenthal, of Delaware, O., passed through Columbus today en route to Dahlonega, Ga., where he will file a deed covering the entire properties of the Dahlonega Consolidated Gold Mining Company of that place. This property was purchased by the present owners from Christian Wahl, of Milwaukee, on the 22nd of November, the deal being consummated at Chicago.

As the purchase money is not stated as to the amount, some idea of its extent may be secured from the fact that there was \$5,000 in revenue stamps necessary upon the instrument. This is the largest amount of revenue stamps ever purchased for a similar purpose in the state, and perhaps one of the largest amounts ever required for a similar purpose in the country.

The properties in question represent 4,671 acres of mineral lands in the immediate vicinity of Dahlonega, the bulk of which is gold bearing, but with a 500-acre tract of valuable magnezian deposits.

The deed of transfer, covers, in addition to the landed interest, all the improvements thereon, consisting of numerous mining outfits, elevators, stamp, mills, 105 dies stamps, buildings 500 horse cars, forty miles of artificial canals, railway track and rolling stock and all the appliances and machinery natural to an extensive mining interest.

The company was organized about the 1st of November, most of the stock having been subscribed in advance. The capitalization is \$5,000,000 and the home office is at Toledo, with branch offices at Delaware, Chattanooga, Tenn., and Dahlonega, Ga. The charter is under the laws of Georgia. Ohio capital is very largely backing the venture.

The Toledo (Ohio) News has the following to say about the company and the mines:

Score another for Toledo. The Dahlonega Consolidated Gold Mining company opens a branch office here.

These old reliable mines are located in Georgia, and have been operated successfully the greater part of the last century. Many vast fortunes have been drawn from them, and the supply of ore is inexhaustible.

The mines have now been consolidated, embracing 4,600 acres, at a capitalization of \$5,000,000. Gold is not found in these mines in spade-fuls, but is found in good paying quantities, and everybody who has had anything to do with them for the past 60 years has made money. It will be interesting as a historical fact to know that from the year 1838 to 1861 the United States mint was located at these mines, and they were our chief supply of gold until the bonanza mining began in California.

The Toledo offices are located in the National Union building, first floor, and will be in charge of R. C. Thompson, secretary and treasurer. Mr. R. C. Thompson is a brother of Frank G. Thompson, the banker and broker. We notice on the board of directors prominent capitalists, among whom are F. G. Thompson and George H. Breyman of Toledo.

The consolidation is now complete. Mr. Thompson forwarded for a record last evening a remarkable document, being a deed for a portion of the mines. The revenue stamps upon this deed amounted to \$5,000, indicating that its value must be written with six pretty good-sized figures.

The officers are: J. W. Adams, capitalist, Chattanooga, president; C. B. Paul, banker, Delaware, vice president; R. C. Thompson, Delaware secretary and treasurer; H. D. Ingersoll, general manager.

As the mines are in operation and the demand for gold is still good it is expected that this company will pay from the start. Send a \$1 for the NUGGET.

## Prohibition carried in Thomas and Colquitt counties last Monday.

The movement of the American troops to Havana has commenced.

President McKinley has accepted an invitation to attend Atlanta's jubilee on the 14th.

The war investigating committee will be in session until after congress adjourns, so it is said.

The President has authorized the expenditure of \$50,000 for cleaning the city of Havana.

The U. S. treasurer asks congress for an appropriation of \$462,647,885 for 1899 and more for 1900.

Another woman was killed in Gainesville last week. This one was a negro killed by a man of her color.

One hundred school girls were poisoned at Versailles, Ky., the other day by drinking water that had been standing in lead pipes.

Fifty-three members of the legislature were absent at roll call last Monday morning. The important dove bill had already been acted on and they felt that they needed rest.

The Dahlonega NUGGET is one of the best local weeklies that comes to this office. It gives all the local news and Townsend is one of our sort of editors—does not fear to publish the news as it happens.—Southern World.

The house says that circuitous must hereafter pay \$1,000 for performing in large cities. Whiskey tax has been raised to \$200, and smoothing iron peddlers must pay a license of \$100. And the Gypsy must hand over \$25 if he or she tells fortunes. In the Senate Mr. Underwoods bill to reduce the salaries of supreme court clerks from \$4,000 to \$2,500 "went dead" before the committee.

The general appropriation bill submitted to the house by the committee last week makes a reduction of \$400,000 in the common school fund and the pension bill is apparently increased \$40,000. It was necessary to make this increase in order to pay those already entitled by law. But hereafter if the Brandon bill passes none but those really in need will receive a pension which will greatly reduce this fund. If both Mr. Brandon's bills pass the reduction will aggregate over \$500,000.

## Catch Cold Easily?

Are you frequently hoarse? Do you have that annoying tickling in your throat? Would you feel relieved if you could raise something? Does your cough annoy you at night, and do you raise more mucus in the morning?

Then you should always keep on hand a bottle of

## Ayer's Cherry Pectoral

If you have a weak throat you cannot be too careful. You cannot begin treatment too early. Each cold makes you more liable to another, and the last one is always harder to cure than the one before it.

Dr. Ayer's Cherry Pectoral protects the lungs from colds.

Help at Hand. If you have any complaint whatever and desire the best medical advice you can possibly obtain, write the doctor freely. You will receive a prompt reply. Address, DR. J. C. AYER, Lowell, Mass.

## Mines 25 Miles From the "Vicinity" of Gainesville.

"R. C. Thomas and F. R. Adams, of Delaware, O.; Dr. J. W. Smith, of Pontiac, Mich.; J. H. Smith, of Findley; O.; F. G. Thompson and J. L. Burns, of Toledo, O., have been investigating in the vicinity of Gainesville, with a view of purchasing gold lands for development."

The above with the exception of the heading is found in the Manufacturers Record of Dec. 2nd, which is clipped from one of the Gainesville papers. Yes, the gentleman have purchased 4,671 acres of mineral lands that is near Dahlonega being 25 miles from the "vicinity of Gainesville."

Emanuel Garrett, who has been deposit mining on the Ivey property, made a "clean up" the other day from two weeks work, and panned out \$48 worth of gold.

## Tested and Tried For 25 Years

Would you feel perfectly safe to put all your money in a new bank? One you have just heard of? But have you got an old bank? One that has done business for over a quarter of a century? One that has always kept its promises? One that never failed; never misled you in any way? You could trust such a bank couldn't you?

## SCOTT'S EMULSION

of COD-LIVER OIL WITH HYPOPHOSPHITES is just what such a bank. It has never disappointed you, never will it has never deceived you, never will it. Look out that someone does not try to make you give your health in a new tonic, some new medicine you know nothing of.

50c and \$1.00; all druggists. SCOTT & BOWNE, Chemists, New York.

## LUMPKIN SHERIFF'S SALES.

Georgia, Lumpkin County. Will be sold before the court house door in Dahlonega, Lumpkin county, Ga., on the first Tuesday in January, 1899, within the legal hours of sale, to the highest bidder for cash, the following property, to wit: Lot of land No. (400) four hundred and sixty in the 12th district and 1st section of Lumpkin county, Georgia, containing 40 acres, more or less. Said property levied on as the property of McDuffie R. Moore, to satisfy an execution issued from the Justices Court of the 87th District, G. M., of said county, in favor of the First National Bank of Gainesville, Georgia, against McDuffie R. Moore, H. D. Ingersoll, G. M. Moore and J. C. Brittain, said property being in possession of McDuffie R. Moore and pointed out by defendants in fit fa. Levy made and returned to me by J. C. Williams, L. C.

Also at the same time and place and upon the same terms will be sold one six horse power engine made by Tanner & Delany, also one No. one Kentucky Shingle Saw mill. Said property levied on as the property of J. B. Huff, to satisfy an execution issued from the Superior Court of said county, on the foreclosure of a mortgage in said court in favor of Ben. H. Moore against said J. B. Huff, said property is located on the land of W. P. Price near the residence of Emanuel Howell, colored, about four miles southwest from Dahlonega, Ga., and said machinery being difficult and expensive to transport it will not be brought to and exposed at the court house on day of sale but will be delivered to the purchaser on the land where it now stands, said property pointed out in fit fa.

Also at the same time and place and upon the same terms, will be sold lot of land No. four hundred and fifty-eight in the 12th District and 1st section of Lumpkin county, Georgia. Said property levied on as the property of Anderson Spriggs, colored, to satisfy an execution issued from the Superior Court of said county in favor of John F. Butz for the use of officers of Court against said Anderson Spriggs, said property pointed out by plaintiff's in fit fa. This December 7th, 1898.

JOHN H. BROOKS, Sheriff.

## Complete Line of DRY GOODS, SHOES AND GENERAL MERCHANDISE. MINING Supplies a Specialty J. F. MOORE.

G. R. McGUIRE, JEWELER, Dahlonega, Ga.

Having permanently located in Dahlonega I am now ready to do all kinds of work in my line at prices to suit the times. Bring along your clocks, watches and sewing machines. All work guaranteed for twelve months. Shop next door to A. F. Norton's old stand. G. H. McGUIRE, April 23rd

Hatfield & Evans' Feed and Livery Stables. Best attention given to stock. Horses and vehicles can be had both day and night at reasonable prices. Located in building below College Street bridge near Public Springs. Nov 4/98

# THE NUGGET.

DAHLONEGA, GA., DEC. 9, '98

Capt. J. W. Woodward went down to Gainesville first of the week to visit his mother and sis-  
ter.

If you want to keep posted about the mines around Dahlonega send a dollar and get the NUGGET twelve months.

Most all of the Second Georgia boys who went from Lumpkin, have returned, fully satisfied with their little experience of army life.

The little two-year-old child of Mr. and Mrs. J. N. DuPre died last Monday morning. It was carried to Gainesville and buried Tuesday.

Last Monday was Ordinary's court at which J. B. Graham was appointed administrator of the estate of John B. Graham—being no objections filed.

Judge Tate went out into Nimbleshill district last Saturday to make arrangements for some bridges out there to be built as recommended by the last grand jury.

The contractors for the building of Bearden's bridge writes to the ordinary that they will ship the iron right away and will only be three or four days in building the bridge.

One of the soldier boys who we suppose had recently been mustered out, passed through Dahlonega last Saturday with a wagon load of leaf tobacco. He found no sale for it here and passed on.

Will have dolls for all in a few days. 448 dolls cheaper than city prices. Now on hand bananas, coconuts, etc., cheap but it takes the cash.

## B. R. MEADERS & SONS.

The following promotions have been made in the military department of the college: To be 2nd Lieut, J. H. Byers; to be sergeants, H. J. A. Gardner, R. L. Johnson, F. C. Stamey and J. P. Turk; to be corporals, E. S. Stamey, F. H. McCleskey, E. S. Harris and T. Tartar.

The Dahlonega Masonic Lodge elected the following officers Tuesday night: E. B. Vickery, W. M.; B. C. Ansted, S. W.; J. E. McGee, J. W.; E. W. Strickland, Treas.; W. H. McAfee, Sec'y; B. P. Gaillard, Chap.; F. D. Boardfield, Tyler. Trustees of property: E. B. Vickery, C. H. Jones, H. C. Wheelchel.

The case in the U. S. District Court against Will Douglass, now of Dahlonega, charging him with whitecapping over in Union county some years ago, has been not pressed. Will can now enjoy Christmas more happier. The other parties charged with being interested in the whipping of Phillips, will be tried.

Last Saturday night the Decoras' public debate took place at the college, B. G. Parks delivered the salutary address. The subject, "Resolved, That environment has more influence on civilization than heredity," was debated on the affirmative by J. W. West and N. H. Maddox, and on the negative by G. W. McCleskey and A. W. Cain. Rev. W. H. Parks, who served as judge rendered his decision in favor of the affirmative.

Last Sunday afternoon as Will Howell was passing the house formerly occupied by Mrs. Owens, near the cemetery, he heard some one in the building groaning and crying "Oh Lordy!" Not wishing to approach the distressed person alone he went and got F. C. Carder and John Brooksher to assist him in ascertaining the trouble. Upon entering the room they found a little low chunky negro woman, often seen in Dahlonega, lying on the floor almost frigid to death. Some of the negroes were notified who carried her to a fire and when she got so she could talk, said that she had gone in there the night before to keep out of the rain. Having no fire or anything to cover with she came near ending her troubles on earth.

Pork is selling at four and five cents from the wagons.

M. Kingsbury was in Dahlonega a few hours last Saturday from Auraria.

Farmers can get two cents per pound for good cabbage in Dahlonega now.

J. H. Jenkins returned home last Sunday after making a flying visit to Alabama.

Remember that we are running the NUGGET for the money there is in it, and not altogether for love.

Last Sunday night is the first time that the Temperance Union was ever froze out in Dahlonega.

The proudest man in Lumpkin county is Prof. Ansted, caused by the appearance a pretty little bright eyed boy at his house the other morning.

We are informed that some unknown parties entered the dwelling down at the Lockhart mine last Sunday night and tore up things generally. They broke the lights out of the windows and even destroyed some of the sash.

John Titus, who is mining in the Chestate, killed two wild turkeys at one shot the other morning. He is very proud of it as he never saw but one wild one before in his life. The gentlemen came from Ohio, where wild turkeys are not known.

Clyde Meaders, who left here some time ago for Alabama with Hughes Moore to wagon for Uncle Sam, having gotten enough of it returned home last Sunday afternoon. Hughes is still there who sends back word that he will remain until the troops are ordered to Cuba.

Last Sunday the cold wave hit Dahlonega with nearly all its force. It snowed nearly all day but the ground was too damp for it to remain with us very long, and the next morning there was such a freeze that but little could be done at most of the mines until the sun was away above the eastern hills.

The general superintendent of the Dahlonega Consolidated Gold Mining Co., has adopted a rule which will meet the approval of all its laborers as well as the merchants, which is to give their hands a due bill, allowing them to trade where they please if they can't wait until pay day and get their money.

Governor Candler has offered a reward of \$100 for the arrest and delivery to the sheriff of Lumpkin county of Bob Long who killed Ben Clark in Jones' Creek in this county on the day of the general election. There was already a prize reward of \$50 for Long. It is believed by some that Long will give himself up to some of his friends and get a share of the money, as it is thought that he will be able to prove that Clark and his brother were advancing on him, one with his knife open, while he was warning them to stay back. It turns out that Long was on his way home while the Clark boys were leaving theirs and following him.

Last Saturday an election was held for mayor and council of Dahlonega and the nominated ticket was elected without opposition, causing it to be one of the most quiet elections that has been held here for years. For years heretofore there has been two tickets, creating more or less strife among our citizens. This time there was nothing of the kind which will, in the end, result in more good for the community at large than it could have done otherwise. We are glad that our citizens have all commenced looking in the same direction and have an eye to and all things having a tendency for the upbuilding of the town and hope that they will continue in this way. As there was but one ticket the polls were closed some time before the usual hour when 52 ballots were cast. So our town will be in the hands of the following officials for the year 1899: For mayor, W. P. Price; councilmen, E. B. Vickery, H. D. Ingersoll, W. J. Worley and G. McGuire.

Santa Claus will arrive at Mrs. Mary Marlow's about the middle of next week.

The administrators sold all the lands, notes, etc., belonging to the estate of A. G. Wimpy last Tuesday.

The map of the Dahlonega cemetery has been misplaced. Any information about it would be thankfully received by Mayor Price.

W. F. Trotter, of Chicago, who represents a company of manufacturers of compressed air drills, was registered at the Hall House this week.

Mrs. Sallie Duckett, wife of Adolphus Duckett, deceased, died in Banks county on the 20th ult. The lady formerly lived in Lumpkin county.

An infant of Mr. and Mrs. Frank Worley died some time during Monday night. When they woke on Tuesday morning it was found to be dead.

There is no excuse for you not being posted when you can get the NUGGET and the Atlanta Weekly Constitution one year for the small sum of \$1.75.

J. F. Castleberry, Proprietor of the Hall House, now has a permanent boarder for years to come. The visitor is quite small and made its appearance early Monday morning.

By reading the article elsewhere headed "To Mine for Gold in Georgia," you will ascertain what big mining interests the Dahlonega Consolidated Co. has in Lumpkin county.

Remember that when your legal ad gets into the paper we charge full rates should you take it out before sale day, same as if it had have been run the full time. We contract to do the advertising for so much and if you don't have it done it is not our fault.

We wish to return our thanks to our many subscribers who have been so prompt in renewing their subscriptions to the NUGGET which shows that they appreciate the paper. We will promise them to keep up with all the local and much of the general news in the future as we have in the past.

J. W. Adams, of Chattanooga, President of the Dahlonega Consolidated Co., arrived in the city Tuesday, accompanied by J. Lipsett and W. J. McCullah, two representatives of newspapers at Toledo, Ohio, and Geo. B. Adams, of Chattanooga, who is engaged in taking mining views while the paper men take the notes. The gentlemen will likely depart today.

We are glad to note that Ben Brackett, Auraria's new postmaster, is getting his hand in better which enables us to get our papers down to New Bridge the same day that they are published. We guess when Ben got hold of the mail sack at the start he felt like we did when we stole our first and only watermelon which was green, causing us to feel scared as well as sorry because it was not as good as it looked to be.

Rev. D. M. Edwards, who was recently appointed to take charge of the Methodist church at Dahlonega, arrived last Wednesday afternoon together with his family. Some of the ladies carried out the custom of having them a nice supper ready upon their arrival consisting of many good things which make our mouth water to think about them and almost cause us to wish that we had have selected the ministry for a "family life preserver" instead of the printing business. How well we could have enjoyed all these good eatables and kind treatment. As it is we have to be content with rice and corn bread three times a day and drink bean coffee, wear from early morn till deep eve, wear copper pants, cheap coat, yarn socks and a jeans cravat with a cockle-bur for a collar button and cover our head with a second handed derby. And then be threatened to have our "trotters knocked off" because we know and say that there are members in the church that have acted like their ex-brother Gibson.

To RENT.—A six room house with garden and stable. Apply to J. F. Moore.

Sinean Adams, of White county, who was arrested on a charge of blockading some days ago, was acquitted by Com. Baker last Saturday.

We do not wish any dead heads in order to swell our subscription list. We want paying subscribers or none. Money is what "makes the mare go."

Sheriff Brooksher went over into Hall county one day last week and brought back Bob Satterfield who is charged with having a fight with Peter Peck some time ago.

Little Cager, the three year-old son of Mr. and Mrs. Jess Turner, died last Friday night at about 8 o'clock. The remains were interred at Rock Springs burying ground on last Sunday.

We are informed that Mrs. Cis Lawrence, formerly of Dahlonega but now of Gainesville, was married in that city on Thursday night of last week to a Mr. Little, lately from Florida. Rev. Mr. White performed the ceremony.

M. L. Ellis, who moved to the Upper edge of this county about a year ago from Union died very suddenly last Friday. He had been up a short time before he expired. The deceased leaves a wife and several children to mourn his loss.

The Burnside House has been sold to the Dahlonega Consolidated Gold Mining Co., who will take possession of the same about the first of January. Who will run the hotel we are not able to say yet. The house will be remodeled and suitable offices arranged for the use of those needing them belonging to the company.

Some parties, supposed to be students, entered the college through a window last Friday night and did much mischief. Besides greasing the blackboards and seats they removed the tops of the stoves and threw the screws, belonging to the rods away, besides taking the pendulum of the clock. If the guilty ones are found out they will not only be expelled from the college but prosecuted.

The copper plate which was stolen from the Yahoola mill about two years ago has been found. It is in the possession of Jordan Miller in Union county. Mr. Miller says he bought it from Joe Postell of that county and Joe says, so we understand, that he got it from Jake Postell of Lumpkin county. The owner will probably "send a tracer" and the guilty one will probably reap his reward.

One of the road commissioners of Hightower district and Wash Rider, an oversex, came near hitting during the latter trial the other day. It seems that Rider had been directed by Mr. Simmons to put up a foot log at a certain place across the creek, which the oversex failed to do and he was fined \$5.00. During the time Rider and Will Simmons, one of the commissioners, got mad enough for Simmons to pull off his coat and prepare for battle. The case goes to the Superior court.

Farmers for miles around are having their corn ground and feed prepared at Capt. Hall's new mills over on the Chestate river. They even come from Hall county, all of whom express themselves as being pleased with its most modern machinery. Farmers have heretofore been throwing their cobs away in that section but now they can be crushed at these mills and fed with good results to their stock and be a profit instead of a loss. Capt. Hall says that there is another industry which he will help the farmers advance if they will do their part. And that is the production of syrup. He says if they will plant enough cane to justify him he will put in a four hundred dollar mill and make as good syrup as can be produced anywhere. The production of good syrup is a paying industry and this proposition should receive more than a passing notice by the farmers in that section.

R. C. Meaders and wife, after spending some weeks in Swainsboro, returned home first of the week.

Look out for the cross mark on your paper. You may not be very much interested about it, but we are.

James Huff has been awarded the contract to furnish the lumber to build the dwelling of W. P. Price, Jr.

The members of the Dahlonega Methodist church will have to walk the chalk line as their new pastor is not only a good preacher but an excellent lawyer.

Elsewhere will be found an advertisement of the J. G. Hynds Manufacturing Company, Gainesville, who are the leaders of low prices in that city. This Company is too well known to receive any comment from us.

Francis Lynder, a member of the press of Chattanooga, in company with his wife, came in and joined the other representatives of the press and capitalists yesterday in the inspection of the gold mines in the vicinity of Dahlonega.

W. L. Henley, who has for years been keeping books for the Hynds Mfg. Co., at Gainesville, is now in the employ of the Hall Mide Co., who commenced work last week. Mr. Henley is said to be one of the best book keepers in the state.

There are some Justice Court criminal cases already acted upon in this county that are returnable to the Clerk of the Superior Court which we are watching with interest to see if they are going to be compromised and the law made a mock of.

B. R. Meaders, after an absence of some time below collecting, returned home Thursday afternoon of last week. He found cotton low and times close. Corn worth only fifty cents. It is always a close dull time when farm products are so low.

Rev. W. H. Cooper, who has been in charge of the Methodist church at this place for the past year, left for his new field of labor last Saturday, who, we trust, reached his destination in safety. This able divine is a noble worker in the cause of religion and makes his influence felt wherever he goes.

Next Monday there will be some changes in the mail lines going and returning to Dahlonega. The Gainesville daily will be changed back on the old route, besides we will have a mail from Dahlonega to Half Way three times a week. It will have to be carried by Neisler's Ford till Bearden's bridge is completed.

Frank Reese, the polite and accommodating unmarried clerk at the Hall Commissary has five cats so well trained that they will come to their meals at the ringing of a bell. Frank ought to either get married or go into the school teaching business, for a man than can control cats like this would certainly have a big influence over children.

Squire Worley went down to Auraria last Friday to preside in a case where Justice Bruce was disqualified. Justices Court is held down there in Mr. Smith's store. It has a business like appearance on court days to step in where customers are trading, a Justice presiding and two or three men discussing politics, all in the same room. If our Union friends had have thought about this they could have held the Superior Court in some store in the county and saved the expense of building a court house over there.

We understand that a certain woman is intimidating a witness by threatening to run into town stark naked if he goes before the grand jury and tells of some of her bad conduct, who will claim that the witness tore off her clothes. If the people only knew what day this "street parade" would take place would attract a bigger crowd than John Robinson's show used to. When a woman gets low enough to do a thing of this kind some fellow should be standing close by with a gun well loaded with mustard shot.

Rev. W. H. W. Gurley, of Gadsden, was over on a visit last Wednesday.

Dahlonega will have a "dry council" next year for the first time in years.

A. W. Meaders leaves for Watkinsville next Monday for the purpose of locating there.

Col. Charters is in Atlanta this week looking after some cases which he is interested in in the supreme court.

The sheriffs sales were postponed last Tuesday, and before another sale day rolls round this office will be in new hands.

Wm. Waters is building a six horse spring wagon for the Wells Bros. in Nimbleshill district, to haul freight from Atlanta which weighs 2,500 pounds.

If you fail to get your paper in time it is not our fault. We never fail to get our papers in the post office every Friday morning a long time before the mail leaves.

T. S. Waters, of Gainesville, spent last Monday night, and a portion of Tuesday in Dahlonega selling goods for the live firm which he works for in that city.

B. R. Meaders & Sons have already sold out one bill of Christmas goods and ordered two more. The reason they sell so fast they advertise and people know where to go.

The Nimbleshill Sunday School had a box supper last Sunday night and the boxes brought \$18. A cake was baked for the prettiest girl which brought \$9 and Miss Randa Satterfield was the winner.

Dr. N. F. Howard, who attended the North Georgia Conference has returned in good health and was very much delighted with his trip to the city of Augusta, a city which he used to visit in his younger days.

Two Nimbleshill district farmers come to the front this week with large hogs. M. C. Chester killed two fourteen months old the other day weighing seven hundred pounds. W. G. Fitts killed one weighing four hundred and fifty-six and a half pounds.

Last Sunday night cadet G. S. Parker, of Millen, who has been in bad health for some time, grew suddenly worse after supper and pitched over into the fire. His mother was immediately telegraphed for. It was not expected, that he would live through the night but we are glad to say that he is still alive and slightly on the improve.

Monday night the Corona Society gave an entertainment at the college. Miss Fannie Gaillard was president of the meeting. Bible reading was conducted by Miss Oma Wheelchel; then followed an essay on Longfellow by Miss Lizzie Sherman. Appropriate selections were recited by Misses Emma Martin, Lizzie Castleberry, Maggie Crisson and Cora Biers. The selections read by Misses Daisy Sherman, Anna Palmour, Marie Gaillard and Maud Worley suited the occasion. Miss Eva McKee read a very touching essay on the subject "Mother." All the exercises were good which shows that these young ladies are not at all slow to improve their opportunities.

Mayor Price informs us that the present council will go out of office with all debts settled up besides having \$100 and the interest to pay off the first school note which is due the first of July. The mayor also informs us that all fines imposed by him for the present year have been collected except two. These two are on females. One of these is the case where a wife whipped a girl on the streets some time ago who she caught in company with her husband one night. No citizen will censure any one for this fine not being collected. Really if wives were instructed to do this every time they caught women making love to their husbands there would be less divorce suits and result in much good to our community morally speaking.

# Dahlonega Nugget.

Good Advertising Medium.

Devoted to Local, Mining and General Information.

One Dollar Per Annum

VOL. IX—NO. 52.

DAHLONEGA, GA., FRIDAY, DECEMBER 16, 1898.

W. B. TOWNSEND, Editor and Proprietor.

## THE NEW WAY.

WOMEN used to think "female diseases" could only be treated after "local examinations" by physicians. Dread of such treatment kept thousands of modest women silent about their suffering. The introduction of Wine of Cardui has changed that. Nine-tenths of all the cases of menstrual disorders do not require a physician's attention at all. The simple, pure

Wine of Cardui

taken in the privacy of a woman's own home insures quick relief and speedy cure. Women need not hesitate now. Wine of Cardui requires no humiliating examinations for its adoption. It cures any disease that comes under the head of "female troubles"—disorders of the system, falling of the womb, "whites," change of life. It makes women beautiful by making them well. It keeps them young by keeping them healthy. \$1.00 at the drug store.

For advice in cases requiring special directions, address, giving symptoms, the Ladies' Advisory Committee, The Chattanooga Medicine Co., Chattanooga, Tenn.

W. L. ADDISON, M.D., Cary, Miss., says: "I use Wine of Cardui extensively in my practice and find it the most efficient preparation for female troubles."

# THE NUGGET.

DAHLONEGA, GA., DEC. 15, '98.  
Published at the Dahlonega, Ga. P. O.  
as Second Class Matter.

Weekly Constitution and Nugget both for \$1.75.

Dewey is now being spoken of for president in 1900.

The twenty of peace was signed on the afternoon of the 10th.

It was cold enough in Atlanta to freeze one negro to death last week.

Col. W. J. Bryan, of Nebraska, is going to resign and quit army life.

The bill to tax all dogs over six months old \$1.00, was killed in the house.

The Atlanta Journal got out a very large and interesting peace jubilee issue last Saturday.

After this week the members of the Georgia legislature will cease riding on free passes for awhile.

Augusta had another disgraceful election for Mayor last week. Negroes were paid five dollars for their votes.

An exchange says that Dewey has had more postoffices and babies named after him than all the other heroes combined.

The big battleship Massachusetts, was damaged pretty badly on the 10th inst. by being grounded near Governor's island.

Chattanooga is a Mormon paper which is the organ of ten conferences in the Southern states, and is edited by a Mormon elder.

President McKinley visited Atlanta this week in one of the most extravagantly furnished and equipped cars in the world.

Cotton is so low that some of the lower Georgia farmers cannot afford to hire it picked who are plowing it in and making ready to sow wheat.

Spanish and Cuban officers collided at Havana last Sunday night in which three Cubans were killed and one Spanish officer and two Cubans wounded.

The government is furnishing the farmers with supplies who lost their crops by the overflow of the Chattahoochee river, twenty days rations, says the Gainesville Georgian Cracker.

The peace jubilee issue of the Atlanta Constitution of Sunday was one of the biggest papers ever published in the South, clearly demonstrating what brains, money, vim and energy can do.

Indiana has a justices of the peace that is totally blind recently elected. While Lumpkin county has two county officers that cannot read nor write. So Indiana is not ahead of us for unfitness of officers.

Gen. Calixto Garcia, the distinguished and Cuban warrior and leader, and the head of the commission elected by the Cuban assembly to visit this country, died of pneumonia in Washington last Sunday.

An immense crowd attended Atlanta's peace jubilee this week. It was a grand success. Atlanta never fails at anything she undertakes unless it is in making a disposition of her ex confederate veterans home.

Berry Wright, col., has been confined in Fulton county jail since 1895 for contempt of court. He refused to turn over to a receiver an amount of money the judge believed he had in his possession and which belonged to a corporation that had failed.

Senator Redding has introduced a ballot reform measure which is the Mississippi plan and requires every voter to be able to read any section of the constitution of this state and give a reasonable interpretation thereof, or if unable to read the same, then, when read to him, give a reasonable interpretation thereof. This is a constitutional amendment.

## Mining In Georgia.

Gold mining has always been looked upon as a speculation with certain amount of risk attached to it, which is true in Western mines where they put in a large amount of money for developing work, and if they strike pay ore it is generally rich and fortunes are made in a short time, and on the other hand if they do not strike the ore the money is lost. People who put their money into it understand it to be a speculation. Here mining is different. There is a large mass of low grade ore, as has been demonstrated by the Dahlonega Consolidated Gold Mining Co. Their predecessors work was done by hydraulic. The decomposed soft material that lay on the veins was washed into the mill leaving the hard sulphureted ores, which could not be worked profitably by the hydraulic mining. For the last thirty years the former owners have been working these soft ores at a profit, and what they have done in all these years is merely prospecting, for they have washed off all the soft material that lay on these large masses of veins. The hydraulic system of mining could no longer be used. The new company was organized to take hold of this property with a view of putting in new up-to-date mills, concentrators and chlorination plants to work these sulphureted ores. Before this company was organized the projectors looked very carefully into this scheme. In the first place they found an inexhaustible amount of ore. The next thing they ascertained the value of the ore by making repeated tests, and since beginning work they find that the ore runs much higher than they figured. For instance, in their prospectus they figure the Findley at \$3.00 per ton. Last week they struck a large vein that went \$22.80 per ton, and the Hand and Yahoola at \$5.00. Last week assay of ore from a vein which they are now working at the Yahoola went \$144.20. And at the Hand one assay (crude ore) \$10. Concentrates \$181.40. Another (crude ore) \$24.40. Concentrates \$308.40.

These facts prove that there are no better investments than mining in Georgia, and not as much risk as merchandising, which statistics show that 98 per cent of those who go into business fail.

Col. Lilly made a business trip to Gainesville this week.

## Did you ever See a Snow Storm in Summer?

We never did; but we have seen the clouds at this time of the year so covered with drizzle that it looked as if it had been out in a regular snow storm.

No need of this snowstorm.

As the summer sun would melt the falling snow so will

## Ayer's Hair Vigor

melt these flakes of dandruff in the scalp. It goes further than this; it prevents their formation. It has still other properties: it will restore color to gray hair in but ten times out of every ten cases.

And it does even more; it feeds and nourishes the roots of the hair. Thin hair becomes thick hair; and short hair becomes long hair.

We have a book on the Hair and Scalp. It is yours, for the asking.

If you do not obtain all the benefits you expect from the use of the Vigor, write the doctor about the Vigor, and you will receive the Vigor, which may be easily returned.

DR. J. C. AYER, Lowell, Mass.

## Mining Dots.

Mr. Wahl did not sell all of his mining interests out in this county to the new company recently. He still owns the Hedwig.

One night last week a big cave gave way at the Singleton mine covering up all their tools, which required much time to clear it away.

It is reported that work will be resumed at the Lawrence shaft in the edge of town next spring, and that a hundred stamp mill will be built at both the Hand and Findley mines.

Gold is so plentiful that even little boys are finding it. The other day the little son of S. D. Grindle picked up two small nuggets while going to the spring, one of which weighed seven grains. The Burch dredge boat keeps in motion rain or shine taking the yellow metal from the bed of the Chestatee river. It is a big paying investment. The fuel required is about three cords of wood a day, showing that the expenses are very light.

Work is moving along at the Crescent as well as could be expected. The dam would have been completed this week if the lumber could have been had. A bridge is also being built across the creek near the mill for the convenience of the company.

We were mistaken about Manuel Garret being deposit mining at the Ivy last week. He is working on a vein, two tons of which he realized fifty-nine and a half penny weights of gold. The vein is a rich one and the next clean up the young miner will doubtless make a bigger "haul."

There are a number of hands engaged in deposit mining on the Tan Yard branch. They are making good wages in diggings that have been gone over three times. This proves that we need some new process by which the gold can be saved, as a good deal of this has been lost from the stamp mills.

Capt. John Huff was in town last Saturday and informed us that he would be ready for operation over on the Chestatee in a short while, if not providentially hindered. It requires the laying of two thousand feet of pipes to reach the mine with water which is now across the river, the biggest part of the most difficult work being already done doubtless.

Last Saturday morning early it was reported that Henry Roberts had struck the old Findley vein and the news spread like wild fire, for most of our citizens knew it he had that it meant the making of hundreds of pennyweights of gold, as has been the case every time that it has been discovered heretofore. It was soon ascertained that it was not the old Findley but one that was good, being worth about \$30 per ton.

The capitalists and newspaper men who were here last week from Ohio and Tennessee, all left out last Friday after a general inspection of the mines, except Mr. Francis Lynde from Chattanooga, who remained over a few days longer to see some assays of ore made and to gather such other information as will be of interest to the readers of the papers which he represents. It seems that the gentleman is in search of the truth about our vast amount of minerals. This is all we ask to be given and nothing more.

Last week when our readers were looking over the mining dots and came to where it was mentioned that it required \$5,000 worth of stamps on the deeds recently made by Christian Wahl to the Dahlonega Consolidated Gold Mining Co., they disputed it, thinking that we had made a typographical error. But we are able to say to them that the figures are correct for we examined the papers, which the Clerk of the Superior Court commenced recording last Friday, and found the full amount of stamps mentioned, attached thereto. This is the biggest mining deal on record here, and the property is now in the hands of a company with ample money to thoroughly develop it.

As stated a few days ago E. E. Crisson was hauling some ore from the Free Jim down to the Lockhart mill to have it crushed for a test, who found that an average lot paid a profit after giving thirty cents a ton for hauling and fifty cents for beating. Suppose that the owners had a mill on the property and saved this 80 cents per ton expense, wouldn't they have a big bonanza? The property is owned by Messrs. Charters, Gurley and Crisson. The latter gentleman is a practical miner, who says that he is highly in favor of building a mill so as to work this property and it may be that this will be done later.

The Dahlonega Consolidated Co., are at work with a full force of hands taking out ore at the Barlow. As they go down on the Doghead vein the ore is getting richer and sulphurets are coming in, assay of this vein last week \$45.80 per ton. Ore at the Findley, Hand and Yahoola is much better than was expected. The officers of the company, who were here last week, are much pleased with the prospect as the ore is showing up much richer than they expected. J. H. Jenkins has taken hold of the Hand and Yahoola as superintendent and when it comes to work John knows what he is about. This company means business.

## A Card.

The account of Col. R. H. Moore, deceased, which was recently sold publicly by the executors of A. G. Wimpy, we find had been settled by Mr. J. F. Moore during Mr. Wimpy's life time and had been so marked on Mr. Wimpy's "house" book—but not on his store book by which the appraisers were guided. We take this means of correcting and expressing our sorrow for the unfortunate error which has been the cause of mortification to a family endeavoring to emulate the life of an honorable father.

A. W. MEADERS, et al.

Ex'rs of A. G. Wimpy.

Dec. 9, 1898.

## Auction Sale of Furniture.

I will sell at the store room of the Burnside Hotel in Dahlonega, on

DECEMBER 17, 1898,

at auction, all my furniture in the Burnside Hotel, consisting of Beds, Bureaus, Washstands, Tables, Chairs, Dining Tables, Table Ware, and a great many other articles too tedious to mention.

Any one wanting any of these things should attend the sale, as they will go regardless of price.

Respectfully,  
J. B. GASTON.

## A Fleshly Consumptive

Did you ever see one?

Most certainly not. Consumption is a disease that invariably causes loss of flesh.

If you are light in weight, even if your cough is only a slight one, you should certainly take

**Scott's Emulsion**

of cod liver oil with hypophosphites. No remedy is such a perfect preventive to consumption. Just the moment your throat begins to weaken and you find you are losing flesh, you should begin to take it.

And no other remedy has cured so many cases of consumption. Unless you are far advanced with this disease, Scott's Emulsion will hold every inducement to you for a perfect cure.

All Druggists, etc., and  
SCOTT & BOWNE, Chemists, N.Y.

## HALL HOUSE, Dahlonega, Ga.

J. F. CASTLEBERRY, Proprietor.

Rates: \$2.00 per day, \$7.00 per week, \$25.00 per month. HOT and COLD BATHS.

## CLOSING OUT OF THE RETAIL TRADE.

Having determined to go exclusively into the manufacturing and wholesale trade, we put on the market for what they will bring our entire stock of

# THE NUGGET.

DAHLONEGA, GA., DEC. 16 '98

Fire works and Christmas candles at J. F. McGuire's.

A Singer Sewing Machine cheap for cash at J. F. Moores.

Prospecting picks and all other supplies for miners at J. F. Moores.

The mountains were covered with snow last Monday and Tuesday.

Good well turned claw hammer handles at J. F. Moores for five cents a piece.

C. E. Walker, of Chicago, has been here several days looking over the mines.

If you want a Singer, Eldridge "B" or Climax sewing machine call at the Nugget office and get one cheap.

A nice line of shoes of all sorts and sizes at J. F. McGuire's. Also a lot of extra pants, dry goods and notions.

The members of the Dahlonega Masonic lodge are going to have a festival at the college dormitory on the 27th inst.

John Bell, of Big Joe, was in Dahlonega last Wednesday. He recently leased this gold mine and is making it pay handsome profits.

Last Tuesday night was the coldest weather we had here this winter. The thermometer registered at fifteen the next morning at sunrise.

All who enjoy a good smoke should go to B. R. Meaders & Sons where you can get the very best cigars and tobacco at the lowest price ever heard of.

Persons hauling up wood are expected to furnish only sound fuel. We publish sound doctrine and when we agree to exchange it for wood we want sound fuel.

Persons who are indebted to me for surveying will please settle their accounts this month in order that we may begin anew with the new year.

A. W. Cain, Surveyor.

Rev. E. R. Cook will preach at the Methodist church next Sunday morning and night, and will hold the first quarterly conference for the new conference year on next Monday morning.

Miss Lizzie Chapman's school closed last Friday. The teacher is preparing to have a Christmas tree for her scholars. Miss Lizzie delights to make her pupils happy and uses every possible effort to encourage them to go to school and advance in their studies.

The city of Atlanta furnishes Lumpkin county's public colored school teachers. This should cause our colored citizens to wake up to a sense of their duty by striving to obtain an education so as to enable them to teach their children themselves and cease sending off seventy-five miles for educators to do the work.

Assistant postmaster Price will leave in a few days to spend Christmas in Atlanta. Johnnie Howard will take Mr. Price's place during his absence. John is experienced in the business and thoroughly understands this department of Uncle Sam. He kept the post office in Dahlonega eight years as an assistant and gave no one any room to grumble at any of his official acts.

Miss Emma Langford, after an illness of many weeks breathed her last at 3 o'clock last Wednesday morning. The young lady had every attention possible but all medical skill failed to relieve her. The deceased came here some time ago from Campbell county to gain an education, but two or three weeks after entering college she was taken sick and gradually grew worse and worse until death relieved her of all pain and suffering. Her remains were carried to her home for burial. The trustees of the college, faculty, her school mates and our citizens generally regret the death of this young lady.

Col. W. P. Price went down to Atlanta this week to attend the peace jubilee.

Rev. Z. Speer left for Blairsville last week where he will locate and preach to the people in that community for the next twelve months.

C. D. Sullivan, of Mill Creek district, is lying at the point of death at his home. We regret it very much as he is a good citizen who, when called away, will be missed by all his neighbors.

It is said that Gainesville and Dahlonega will be connected by telephone in the near future. Won't it be nice to stick your ear to the phone and hear the iron horse snort a distance of twenty-five miles?

There is a family residing in Lumpkin county consisting of twelve-seven boys and three girls—and every single one of them can play the fiddle. This household is certainly headquarters for musicians.

Mrs. Barney of Dahlonega, has her chickens trained like people. When she wishes to feed them she rattles a little bell and they all come running like little children when their school teacher gives the same notification when their presence is desired.

Every member of the house voted for the amendment to the stock law requiring the districts in which it carries to fence the same except five. If this becomes a law it will stop any further expansion of the stock law in Lumpkin as well as in all other counties.

Jim Ash informed us the other day that it was a mistake about him shooting a pistol in the room where his aunt was lying dead and throwing a cat in the fire some weeks ago, as reported by the Nugget. We had since learned that Jim didn't go through this slight of performance at this place. It was at another house nearly a quarter of a mile away from where his aunt was.

The students had a game of football on the public square last Monday in which some of the merchants participated. Of course the young men enjoy playing where they can and be seen by the fair ones of our town and all goes well until the participants kick so high and hard as to send the ball through some merchants window, then they complain to the council. This has always been the result when the game is continued long on the public square.

Several more applications for pensions have been sent in to the state from Lumpkin county recently. The granting of state pensions throws much light on the subject that would not have been known otherwise and helps in the way of history. Men who were never known as being in the struggle now come up and make out good claims for pensions, showing to the world that they fought, bled and almost died while in defense of their country. Oh, how brave! How patriotic!

Mr. Freeland, who resides in the eastern portion of the county, visited Dahlonega last Tuesday. This is the farmer who it was believed was poisoned some weeks ago, together with his entire family. The old man says it is an occurrence which he can't understand. They all woke up sick one morning and commenced vomiting at about the same hour, which no one is able to explain, remaining very sick for some time. Really the old gentleman says that he has not yet thoroughly recovered.

Extraordinary Bell of White county made his appearance in our town last Tuesday, being the first time he has been here for weeks. He is a traveling salesman. Mr. Bell says that so many of the bridges are washed away in North Carolina and other portions of his territory that it takes him twice as long to make the trip as it used to. It seems that the freshets damaged the whole country and made a clean sweep of hundreds of bridges.

A nice lot of fancy and stick candies just received at J. F. Moores for Christmas.

Capt. Hall will leave for Florida in a few days where he will spend the remainder of the winter.

We have certainly been having some winter weather for the past few days causing the wood hauler to wear a big broad smile.

Judge Gaston, of Gainesville, will be here tomorrow to auction off his hotel furniture at the Barnside. See notice elsewhere.

It will be a long time before the girls can go to see the boys as leap year does not come until 1904, although some are breaking the rule by going now.

Mrs. Elizabeth Freeman, mother-in-law of Rev. J. W. Phillips, who recently received a stroke of paralysis, is still in a dangerous and helpless condition.

Tax Collector Sargent will be in Dahlonega tomorrow, then the 19th and 20th, at which time he closes his book and issues it as against all who have not settled their taxes for 1898.

Don't forget G. H. McGuire's auction on the 24th. If you do, you will miss a bargain in watches, clocks and musical instruments. This is an opportunity to get what you want at a low price.

James Abercrombie has been appointed post master at Waboo and will take charge of the office first of January. Mr. Brown, the present postmaster, has sold out his real estate to Mr. Abercrombie and will go to another clime.

The ordinary informs us that a petition has been presented to him asking for an election to be held on the stock law question for the town district, but no printers fee accompanies it. Without the money it can't travel any farther.

John Wheelchel, who came up a few weeks ago from Alabama with chills and fever has improved so that he can cut his corn, and beginning to have the healthy appearance he did before he departed from Dahlonega to that state. Later—he has returned to Alabama.

Wm. Postell and his son Harris had a little difficulty the other day near Porter Springs, in which the old man was hit with a rock. The father swore out a warrant for his son but has not had it executed yet. They will again get friendly we expect and have a peace jubilee at their house in the near future.

Hon. F. M. Williams was asked this week to use his efforts to have a bill passed establishing a Board of Road and Revenues for Lumpkin county. Judge Tate has been compelled to be absent from his office so much that the citizens think it best to have this board so as to help share some of his labors.

Some more of our young people residing in the eastern portion of the county have gone into the matrimonial business this week. Mr. H. A. Garner of Lumpkin was wedded to Miss Mattie Rogers of White county. And Mr. John N. Boggs was married to Miss Euna Pierce, both of Lumpkin county. We extend to them all our best wishes for their future welfare in life.

Judge Tate neglected to require a list of all the old Confederate soldiers to be furnished and recorded according to a recent act of the legislature and a number of these old vets not wishing to be left off the list entirely had their names recorded in White county. If this had been carried out it would have been the means of saving a good deal of money from being paid out on unjust claims. During the war those enlisted had to be not less than 16 nor over 60. There are said to be several persons in Lumpkin county drawing a pension who claimed them to be over war age and the oldest one of them now not being over 82, notwithstanding it has been more than 33 years since the war. How do you make the calculation? If a complete list was recorded in the clerks office a correct answer could be had.

The students will be given a vacation of ten days beginning on the 22nd.

J. A. Howard made a trip to Atlanta last week, returning on Monday.

If you wish to give your friend a present which he will appreciate send him the NUGGET.

County School Commissioner Seabolt thinks that he will be able to settle with the teachers in a day or so.

Ell Howell killed a wild turkey over on the Findley Hill last Saturday. The old Findley is good for both gold and game.

The ladies will have a box supper at the court house tomorrow night. Proceeds of which will be used for the purchasing of a chandelier for the Baptist church. Everybody invited.

Will have dolls for all in a few days. 48 dolls cheaper than city prices. Now on hand bananas, coconuts, etc., cheap but it takes the cash.

B. R. MEADERS & SONS.

Cadot Parker, who we mentioned as being seriously sick last week, was carried to his home at Millon last Friday by his brother. The young mans mind has become badly affected but we trust that he will yet recover.

Mrs. Barnett, who died so suddenly in Crumby's district a few nights ago, was expecting to move to White county the next day. Her son had already come after her, but death claimed her, taking from him the best friend he had on earth, leaving the distressed one to return home alone.

D. L. Cook, one of Lumpkin county's most energetic and highly respected young men, has gone to Jewellville to teach a school. Mr. Cook has been engaged in this business in his home county and if he ever failed to give satisfaction it was never mentioned. And the only reason of his making a change is because there is more money in it for him.

At the beginning of the present term of the college the faculty made a change and teach on Saturdays and allow the students Monday days so that they can get their lessons without having to study on Sunday. But many of them spend the biggest portion of the day in playing ball who, we expect, still study on Sunday. But it they are not guilty of doing anything worse than this on Sunday there will be little danger of any punishment being inflicted on them hereafter.

The temperance meeting at the Methodist church last Sunday night was largely attended. Only the night previous a certain party while intoxicated stood near the church and emptied his pistol. He was also there looking as sober as a judge (not one of those judges that were tried for being drunk by a recent legislature). If the mayor could get sufficient proof against all those that participate in such conduct and fine them heavy and then bind them over to the superior court it would have a tendency to "cool their fever."

Mr. Francis Lynde, of Chattanooga, who spent several days in Dahlonega, paid our office a pleasant visit last Saturday. Mr. Lynde writes for some of the leading magazines and newspapers of the United States, and the object of his trip here was to see if he could find anything of interest in the mining industry of this vicinity to write about. The gentleman did not go away for the lack of a good subject and notes concerning this industry which will keep him employed for weeks and even months to come, enabling him to furnish many interesting columns of nothing but mining matters. Mr. Lynde said that he was very much surprised in seeing such an inexhaustible supply of rich ores, easy to handle with abundance of water power for me to give all the facts at once," remarked Mr. Lynde, "for, if I was to, strangers to this country would not believe it."

Will Childress, who left Dahlonega some years ago for Honduras, has returned to America and is now in Atlanta.

The senate does not intend for the geological department of the state to go down if possible, which is good news to all those interested in the development of the mineral resources of this section.

G. H. McGuire, the jeweler will have an auction on Saturday, the 24th inst. of a lot of watches, clocks and musical instruments which will go very cheap. Don't forget the day and date.

Our county public school teachers will be proud if the senate succeeds in getting the appropriation through of \$1,000,000 for school purposes. The senate is more liberal on this line than the house.

Rev. R. M. Ash, who has been raised in Chastate district, is moving to Wiite county. He has always been a great advocate of temperance, notwithstanding he was reared in a section where many moonshiners inhabit. But he is a good, clever man and is liked by all.

J. W. Adams, President of the Dahlonega Consolidated Mining Co., who left here for his home in Chattanooga last week, returned Wednesday afternoon, in company with Mr. Burns and three other Ohio gentlemen to wit: H. H. Landwehr, F. R. Icks, of Toledo, and Mark Cook, of Mt. Gilead.

The changing hands of the Burnside House will necessitate the removal of the post office from that building. Where it will be located we do not know as there is no suitable place on the public square that can be obtained that we know of. It may be that it will have to be moved back across the bridge to Dr. Howard's building where it used to be. Judge Brittain will use every effort to place it in as convenient place as possible for the public.

At the last term of Lumpkin Superior Court a bill was returned against Floyd Corbin and Dave Baker, who reside in Chastate district. They were a little shy of Sheriff Brooksher, always making it convenient to stay out of his way. The sheriff caught on to this dodging business and put the warrants in the hands of Constable George Walker, who went up very unexpectedly last week and arrested both of them and secured appearance bonds.

"Turkey" Bill Postell, whose wife died about five weeks ago, has already become tired of living alone and is making an effort to get him another companion. He has written a letter to the Atlanta Constitution this week for the purpose of ascertaining what an ad., "Wants a Wife" will cost him, thinking that it will be the quickest way to get one. He enclosed a copy of the advertisement, prepared by a friend, which reads as follows: "Wife wanted by Wm. Postell. A man of large capital, big farm and fine dwelling, vineyard and orchard. Draws a United States pension. Address, Wm. Postell, Porter Springs, Ga."

Bartley H. Corbin died at his home in Chastate district last Tuesday night at 8 o'clock aged about 83. He had been quite feeble and in bad health for a long time. Four days before he expired he became suddenly worse which attack he was unable to overcome, and another one of those that were respected and beloved has gone the long journey. Mr. Corbin came here from South Carolina when quite small and had been a citizen of the county ever since. He served on the first grand jury ever held in Lumpkin county, and assisted in carrying off the Indians from this county and was drawing a pension for such services at the time of his death. He will be missed in the home, made desolate by bereavement, by those who knew him best, and the county sustains a loss hard to repair. May God in his great mercy raise up others to take the place made vacant by his departure.

All who are indebted to Anderson & Jones either by note or account will save money and time by coming and settling at once. The time has come when we must collect.

W. F. Worley, one of the Second Georgia boys is at home again. It was believed for awhile that Will was the Worley who recently got knocked down and robbed in Atlanta, but when he put in his appearance Saturday with no scars or signs of losing a drop of blood since he left home, soon convinced his friends that he was not the unfortunate boy. Army life seems to agree with Will.

A fellow in Kentucky who was recently awarded the contract for carrying the mail from Dahlonega to Half Way three times a week was to have commenced last Tuesday, but it didn't come nor go. He bid it off for less than \$90 per annum and tried to sub let it for still less, but no one wished to take it for nothing comparatively speaking. They did right in not taking it. If this Kentuckian wants to engage in this kind of business let him carry it or pay a heavy fine.

The other evening while town marshal Bruce was astride of some skids assisting the driver to take from his wagon a drum of gasoline weighing 800 pounds, the wagon moved forward, the barrel went down and the marshal appeared higher than he will ever reach again unless he joins the church, sings when called on and contributes liberally to the minister. Mr. Bruce was scared so that when he struck the ground and got so he could speak, asked the wagoner if he (Bruce) was hurt.

Last week J. A. Hayden, of Sand Branch, Ky., sent the Atlanta Constitution a club of subscribers, list being completed with the exceptions of two, with instructions to the editors for them to complete it by sending the weekly to two old ex-Confederate soldiers residing in Georgia. Last Friday, V. Moore, of Dahlonega, received a letter informing him that he had been selected as one of the lucky two. Mr. Moore was very proud of it who wrote a letter of thanks by the next day's mail to Mr. Hayden.

Adolphus Picklesimon, one of Union county's most industrious and progressive farmers, was in Dahlonega the other day with a load of produce to sell. He is about forty-five or fifty years of age and never wore an article of store clothing in his life. All his clothes are made at home. He even tans the leather and makes his own shoes, purchasing no wearing apparel unless it is a hat. He even manufactures his own guns. His daughters handle the old fashioned loom and wheel instead of a piano or an organ, and the boys use the plow handles and hoes in place of a foot ball or bat. All of which is the cause of the prosperity the whole family are now enjoying. If others would follow the example there would be many more just such happy households in the land.

The committee of trustees whose duty it is to look after the college, its janitor, etc., decided to make a change in the janitorship and recommended Henry Johnson, a farmer who resides some few miles out in the country, who was elected by the board last Saturday to take the place of Al. Roberts. Mr. Roberts has been filling this position for a number of years to the satisfaction of the faculty and every one else we thought, until recently. Notwithstanding, there were three members of the board out of ten that were pleased with his services and voted for him to be retained, but they were in the minority and Roberts goes out and Johnson comes in. Mr. Roberts claims that one of the members of the committee informed him three months ago that if he did not trade with him he would lose his position. If this is the only reason for a change it is a very poor one. The salaries have been reduced from \$25 to \$20.

This is the way a newspaper man feels, when he dars his sentiment in blank verse:

"I would flee from the city's rule and law—from its fashions and forms cut loose—and go where the strawberry grows on the straw and the gooseberry grows on the goose; where the catnip tree is climbed by the cat as she clutches for her prey the guileless and unsuspecting rat on the ratan bush at play; I will catch with ease the saffron cow and the cowlets in their glee, as they leap in joy from bough to bough on the top of a cowslip tree; and hst while the partridge drums his drum and the woodchuck chucks his wood, and the dog devours the dogwood plum in the primitive solitude.

"O, let me drink from the moss-grown pump, that was hewn from the pumpkin tree! Eat mush and milk from a rural stump, from folly and fashions free—new gathered mush from the mushroom vine, and milk from the milkweed sweet—with the pineapple from the pine. And then to the whitewashed dairy I'll turn, where the dairy maid hastening lies, her ruddy and golden butter to churn from the milk of her butterflies; and I'll rise at morn with the earliest bird, to the fragrant farmyard pass, and watch while the farmer turns his herd of grasshoppers out to grass."

—Pacific Union.

The Griffin News frequently puts a whole column of matter in a few words and the following is a good sample: "The merchant who eats western meat and flour, burns Pennsylvania coal, rides behind a Tennessee horse in an Ohio buggy, wearing a suit made by Chicago tailors, shoes made in Massachusetts, smoking a New Orleans cigar and reading an Atlanta paper is in poor plight to tell the farmers to live at home."

A number of citizens who have never before a subscriber to the Nugget before are coming in with the usual recording fee and having their names entered on our subscription book.

Glass eyes are now made with such deception that the wearers themselves can't see through the deception.

General Wheeler will resign from Congress and retain his commission in the army.

**A NEW TRIUMPH.**  
The Dreaded Consumption Can Be Cured.

T. A. Slocum, the Great Chemist and Scientist, Will Send to Sufferers, Three Free Bottles of His Newly Discovered Remedies to Cure Consumption and All Lung Troubles.

Nothing could be fairer, more philanthropic or carry more joy to the afflicted, than the generous offer of the honored and distinguished chemist, T. A. Slocum, M. C., of New York City.

He has discovered a reliable and absolute cure for consumption, and all bronchial, throat, lung and chest disease, catarrhal affections, general decline and weakness, loss of flesh and all conditions of wasting away; and to make his great merits known, will send three free bottles of his newly discovered remedies to any afflicted reader of the Nugget.

Already his "new scientific system of medicine" has permanently cured thousands of apparently hopeless cases.

The Doctor considers it not only his professional, but his religious duty—a duty to which he owes to suffering humanity—to donate his infallible cure.

He has proved the "dreaded consumption" to be a curable disease beyond a doubt, in any climate, and has on file in his American and European laboratories thousands of "heartfelt testimonials of gratitude" from those benefited and cured, in all parts of the world.

Catarrhal and pulmonary troubles lead to consumption, and consumption, uninterrupted, means speedy and certain death. Don't delay until it is too late. Simply write T. A. Slocum, M. C., 98 Pine Street, New York, giving express and postpaid address, and the free medicine will be promptly sent. Please tell the Doctor you saw his offer in the Nugget. Jan. 28.

# LUMPKIN SHERIFF'S SALES.

Will be sold before the court house door in Dahlonega, Lumpkin county, Ga., on the first Tuesday in January, 1899, within the legal hours of sale, to the highest bidder for cash, the following property, to wit:

Lot of land No. (400) four hundred and sixty, in the 12th district and 1st section of Lumpkin county, Georgia, containing 40 acres, more or less. Said property levied on, as the property of McDuffie R. Moore, to satisfy an execution issued from the Justices Court of the 38th District, G. M., of said county, in favor of the First National Bank of Gainesville, Georgia, against McDuffie R. Moore, H. D. Ingersoll, G. M. Moore and J. C. Brittan, said property being in possession of McDuffie R. Moore and pointed out by defendants in a ff. Levy made and returned to me by J. C. Williams, L. C.

Also at the same time and place and upon the same terms will be sold one six horse power engine made by Tanner & Delany, also one No. one Kentucky Shingle Saw mill. Said property levied on as the property of J. B. Huff, to satisfy an execution issued from the Superior Court of said county, on the foreclosure of a mortgage in said court in favor of Ben. H. Moore against said J. B. Huff, said property is located on the land of W. P. Price near the residence of Emanuel Howell, colored, about four miles Southwest from Dahlonega, Ga., and said machinery being difficult and expensive to transport it will not be brought to and exposed at the court house on day of sale but will be delivered to the purchaser on the land where it now stands, said property pointed out in a ff. This December 7th, 1898.

Also at the same time and place and upon the same terms, will be sold lot of land No. four hundred and fifty-eight in the 12th District and 1st section of Lumpkin county, Georgia, said property levied on as the property of Anderson Spriggs, colored, to satisfy an execution issued from the Superior Court of said county in favor of John F. Betz, for the use of officers of Court against said Anderson Spriggs, said property pointed out by plaintiff's in a ff. This December 7th, 1898.

JOHN H. BROOKHUIS, Sheriff.

## In Poor Health

means so much more than you imagine—serious and fatal diseases result from trifling ailments neglected. Don't play with Nature's greatest gift—health.

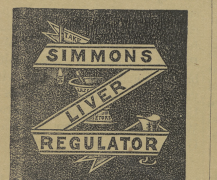

**Brown's Iron Bitters**

A few bottles will cure—brought comes from the very first dose—your strength will be restored and it is pleasant to take.

**It Cures**  
Dyspepsia, Kidney and Liver Troubles, Neuralgia, Constipation, Bad Blood, Malaria, Nervous ailments, Women's complaints.

Only the genuine—It has crossed red lines on its wrapper. All others are adulterated. On receipt of two stamps we will send set of Ten Beautiful World's Fair Views and book—free.

BROWN CHEMICAL CO. BALTIMORE, MD.

**THE BEST SPRING MEDICINE**  
is SIMMONS' LIVER REGULATOR. Don't forget to take it. Now is the time you need it most to wake up your Liver. A sluggish Liver brings on Malaria, Fever and Ague, Rheumatism, and many other ills which shatter the constitution and wreck health. Don't forget the word REGULATOR. It is SIMMONS' LIVER REGULATOR you want. The word REGULATOR distinguishes it from all other remedies. And besides this, SIMMONS' LIVER REGULATOR is a Regulator of the Liver, keeps it properly at work, that your system may be kept in good condition. **FOR THE BLOOD** take SIMMONS' LIVER REGULATOR. It is the best blood purifier and corrector. Try it and note the difference. Look for the RED Z on every package. You want and it is not any other medicine, and there is no other liver remedy like SIMMONS' LIVER REGULATOR—the King of Liver Remedies. Be sure you get it.

J. H. Zettis & Co., Philadelphia, Pa.

## Corn Potash.

A trial of this plan costs but little and is sure to lead to profitable culture.

All about Potash—the results of its use by actual experiment on the best farms in the United States—is told in a little book which we publish and will gladly mail free to any farmer in America who will write for it. GERMAN FARM WORKS, 99 Nassau St., New York.

**Don't Sacrifice**  
Future comfort for present seeming economy, but buy the sewing machine with an established reputation, that guarantees you long and satisfactory service.

**ITS PINCH TENSION**  
TENSION INDICATOR, (devices for regulating and showing the exact tension) and a few of the features that emphasize the high grade character of the White. Send for our elegant H. T. catalog. WHITE SEWING MACHINE CO., CLEVELAND, O.

## Potash

is a necessary and important ingredient of complete fertilizers. Crops of all kinds require a properly balanced manure. The best

## Fertilizers

contain a high percentage of Potash.

All about Potash—the results of its use by actual experiment on the best farms in the United States—is told in a little book which we publish and will gladly mail free to any farmer in America who will write for it. GERMAN FARM WORKS, 99 Nassau St., New York.

**Webster's International Dictionary**  
The One Great Standard Authority. To write them, D. J. Brewer, Editor, and J. S. Gove, Compiler. Send a Postal for Specimen Pages, etc. The Atlantic Southern Co. publishes this dictionary.

**THE BEST FOR EVERYBODY**  
It is easy to find the word wanted. It is easy to ascertain the meaning of a word. It is easy to trace the growth of a word. It is easy to learn what a word means.

**A Wonderful Discovery.**  
The last quarter of a century records many wonderful discoveries in medicine, but none that have accomplished more for humanity than that sterling old household remedy, Brown's Iron Bitters. It seems to contain the very elements of good health, and neither man, woman or child can take without benefit. The best of all, Brown's Iron Bitters is sold by all dealers.

## A STRANGE CASE.

How an Enemy was Foiled.

The following graphic statement will be read with intense interest: "I cannot describe the numb, creepy sensation that existed in my arms, hands and legs. I had tormented and beat those parts until they were sore, to overcome in a measure the dead feeling but had twice possession of them. In addition, I had a strange weakness in my back and around my waist, together with an indescribable 'come' feeling in my stomach. Physicians said it was creeping paralysis, from which according to their incorrect conclusion, there is no relief. Once it fastens upon a person, they say, it constitutes the condition known as 'Paralysis' and is fatal. I had been suffering a year and a half steadily, but with no particular benefit, when I saw an advertisement of Dr. Miller's Restorative Nervine, procured a bottle and began using it. Miraculous as it may seem, but a few days had passed before every bit of that creepy feeling had left me, and there has not been even the slightest indication of its return. I now feel as well as I ever did, and have gained ten pounds in weight, though I had run down from 120 to 112. Four others have used Dr. Miller's Restorative Nervine with marvelous results. I had been suffering by my own neglect, and it has been a satisfactory result in their case as in mine. — James C. Lott, O. O. Dr. Miller's Restorative Nervine is sold by all druggists on a positive guarantee, or sent direct by Dr. Miller Medical Co., Elkhart, Ind. A bottle of 50c. or a bottle of \$1.00. It is free from opiates or dangerous drugs."

## Corn

is a vigorous feeder and responds well to liberal fertilization. On corn lands the yield increases and the soil improves if properly treated with fertilizers containing not under 7% actual

**Potash.**  
A trial of this plan costs but little and is sure to lead to profitable culture.

# Dahlonega Nugget.

VOL. X—NO. 1.

Devoted to Local, Mining and General Information.

DAHLONEGA, GA., FRIDAY, DECEMBER 23, 1898.

One Dollar Per Annum  
W. B. TOWNSEND, Editor and Proprietor.

## Local Dots.

G. McGuire keeps loaded shot gun shells for sale.

Prof. O. Palmour will spend the holidays in Gainesville and Dawson county.

We print visiting cards much cheaper than you can buy blank ones in Dahlonega.

Hon. F. M. Williams, Lumpkin's representative, returned to his home last Monday.

John W. Jenkins has moved down to the Hand so as to be more convenient to his work.

Dahlonega looks much duller since the cadets have gone home to spend Christmas with the old folks.

Royal dates, mince meat, herings, catsup, Keystone Dressing Tomatoes, raisins, &c., at G. McGuire.

Miss Mattie Pinner and F. J. Williams, of Gaddistown, were over on a visit to relatives in Dahlonega last week.

Tax Receiver Stargel fell while working on his dwelling last week and broke two or three of his ribs. However he is able to be up.

W. M. Bryson, a former student of our college was here last Friday. The old college boys are always welcome in Dahlonega.

G. H. McGuire, the jeweler will have an auction tomorrow the 24th inst. of a lot of watches, clocks and musical instruments which will go very cheap. Don't forget to go out.

Most of printers take a rest, or in other words, get drunk on Christmas week, and issue no paper but we are going to work and send you the NUGGET next week full of interesting news.

The Masonic fraternity did not attend the burial of B. H. Corbin, their deceased brother last Friday, but will be present at his funeral next spring some time and persons form the burial ceremony.

Persons who are indebted to me for surveying will please settle their accounts this month in order that we may begin anew with the new year.

A. W. CAIN, Surveyor.

J. W. Burns, of Toledo, Ohio, who has recently become interested in the mining industry of this section, says that he has an idea of purchasing some ten or twelve town lots and building comfortable dwellings on them.

Col. Price, who has had a number of hands engaged for some time in converting the old Baptist church into a dwelling will soon have the work completed, which will contain about ten good comfortable rooms, being one of the most desirable locations in Dahlonega.

Mr. Walker, of Chicago, after spending several days inspecting the mines and country generally, took his departure latter part of last week, very well pleased with the prospects. He says that he will return in the near future with a partner for the purpose of making some investments as he likes this country, in the way of mining, much better than the west.

At least twenty-five or thirty mining men and capitalists from the North have visited Dahlonega in the last thirty days, to ascertain what we had in the way of minerals, and it is gratifying to know that they all went away well pleased with the country, so much so as not being afraid to invest. The gates of Dahlonega and Lumpkin county stand ajar ready for the reception of all parties, matters not where they reside, who wish to do an honest business.

BURNSIDE HOUSE.

The above building has just changed hands, having been purchased last Saturday by Mr. M. G. Head, of Dahlonega, from Judge J. B. Gaston, of Gainesville, for about \$2,300. The east-end is occupied by the post office. It is one among the oldest houses in Dahlonega, being built away back in the 30s by a man by the name of Choice. Later on an addition was made to it. This building has a bit of history that is interesting. A few years after its completion Dillard Fields, deputy sheriff, shot at King, the sheriff, who was standing in this hotel. King saw Fields as he went to spring the trigger, who dodged just in time to save his life. The ball struck Rachael Snead, who was standing behind the sheriff, killing her almost instantly. Then some years after this Ben Thorton stood in one of the gable end windows next to Clarksville street and shot John Ballow, a desperate character, with a gun, who died in 11 hours afterwards in the court house. But this is all a thing of the past. We have no desperate outlaws here now. Every thing is peaceable and quiet here and harmony reigns over all.

## GIVEN GOLD.

Col. W. P. Price Presents  
President McKinley  
With a Gold  
Nugget.

Last week during President McKinley's visit to Atlanta, Col. W. P. Price, president of the board of Trustees of the N. G. A. College went down and presented him with a gold nugget taken from the Calhoun mine, given by the members of the board of trustees of this institution of which the Col. is the leader. Both the Atlanta dailies contain Col. Price's address in full and the Journal in alluding to the matter says:

The private apartments of President McKinley were last night the scene of the revival of a happy, ancient custom in the presentation to the president of a gold nugget by the Hon. W. P. Price, president of the board of trustees of the North Georgia Agricultural college at Dahlonega.

President Price, of the trustees, in a very pretty and decidedly interesting conversational address, delivered to President McKinley a nugget of gold. Colonel Price went back into the ancient times when the Cherokee Indians were in Georgia, and after one of the customs, presented the nugget to the president of the Great Father of a great nation.

When the trustees of the North Georgia Agricultural college learned that President McKinley would visit Georgia, they determined to honor him in some unique and original way. So they searched old history, and then determined upon the old Indian custom.

So, after the custom of the Cherokee tribe, which they had closely followed, the trustees of the college sent their president, Hon. W. P. Price, to the Great Father in person.

President McKinley, on learning of the presence of Colonel Price, invited him to his private apartments in the Kimball, and there in the presence of the president's cabinet and various members of the party, Colonel Price, in a conversational tone, delivered an address and the nugget of gold.

Chamberlain's Colic, Cholera and Diarrhoea Remedy can always be depended upon and is pleasant and safe to take. Sold by F. W. Hall Mide Co.

## General News.

The pickpockets got in very good work in Atlanta last week during the peace jubilee.

A Lowndes county, Georgia, farmer has saved enough hay this year from twenty acres to bring \$800 in cash.

Flanagan, the DeKalb county double murderer will get another trial, says the Supreme Court. Such is this what causes judge Lynch to take a hand frequently.

A big gas holder bursted the other day in New York while being tested and 500,000 gallons of water was turned loose miring at least twenty persons and killing one man.

Frank J. Gould, the youngest son of the family, became of age on the 5th inst., and under his father's will he will receive \$10,000,000 though for the present he only gets the income.

William Steele, who was cashier of the wrecked Chestnut Street National bank Philadelphia, has been convicted. Only a year ago he was regarded as one of the most honorable and admirable citizens of that city, but taking money that didn't belong to him has caused his downfall.

The U. S. pension appropriation bill passed by to the house carries \$145,233,830, being \$4,000,000 more than carried by the current act, due to the increase in pension disbursements which rose from \$139,949,717 in 1897 to \$144,651,879 in 1898. The total number of pensioners on the rolls is 993,714.

An eastern editor says that a man in New York got himself into trouble by marrying two wives.

A western editor replied that a good many had done the same thing by marrying one. A northern editor says that quite a number of his acquaintances found trouble in barely promising to marry and not going any further. A southern editor says he was bothered enough when he was simply in company with another man's wife.

Pains in the chest when a person has a cold indicate a tendency toward pneumonia. A piece of flannel dampened with Chamberlain's Pain Balm and bound on to the chest over the seat of pain will promptly relieve the pain and prevent the threatened attack of pneumonia. This same treatment will cure a lame back in a few hours. Sold by F. W. Hall Mide Co.

## Two Pointed Questions Answered.

What is the use of making a better article than your competitor if you can not get a better price for it?

Ans.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know your make is the best?

If both articles are brought prominently before the public both are certain to be tried by the public will very quickly pass judgment on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth exaggerated claims, but are certain to return to one remedy that they know to be reliable, and for coughs, cold and croup there is nothing equal to Chamberlain's Cough Remedy. For sale by F. W. Hall Mide Co.

Subscribe now for the NUGGET and begin with the new year.

## EVERY BRIDE

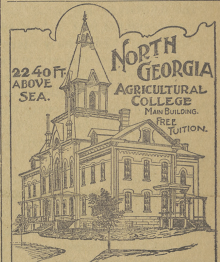

and wife should know about the preparation that for half a century has been helping expectant mothers bring little ones into the world without danger and the hundred and one discomforts and distractions incident to child-birth. It is applied externally, which is the only way to get relief. Medicines taken internally will not help and may result in harm.

## Mother's Friend

fits and prepares every organ, muscle and part of the body for the critical hour. It robs child-birth of its tortures and pains. Baby's coming is made quick and easy. Its action is doubly beneficial if used during the whole period of pregnancy. \$1 per bottle at all drug stores, or sent by mail on receipt of price.

# THE NUGGET.

DAHLONEGA, GA., DEC. 23, '98.  
Entered at the Dahlonega, Ga. P. O.  
as Second Class Matter.

Terrell county has gone "for liquor."

Gainesville is going to have a city hall.

School teachers will hereafter be paid monthly.

The legislature made a flash when it came to the Australian ballot system.

The geological department is still in existence notwithstanding a strong effort was made to abolish it.

The legislature created a city court in Gainesville and Hon. Fletcher Johnson was appointed solicitor General by Governor Candler.

Reubin Battle, colored, was hanged at Greensboro Friday for murder. He extended an invitation for both the black and white people to meet him in heaven.

Judge Day and Mr. Whiteland Reid are each to receive \$100,000 for their services as members of the Spanish peace commission and the officers of the commission are to receive compensation on the same liberal terms.

They are killing missionaries in some portions of China. Our people had better stay away from there and let the Chinese take care of themselves. Maybe if the devil's quarters are filled up with these foreigners there will be less room for others.

The legislature adjourned last Saturday night at 1:30 o'clock after doing nothing for forty days. Our representative was only asked to have one bill passed which was to establish a board of Roads and Revenues for Lumpkin county but he didn't even introduce it. Why he made no effort we are unable to say.

Gainesville is having a post office fight now. Postmaster Farrow says that it will be moved from the Arlington to the Hutson, while some of the patrons have appealed to Congressman Tate and asked him to use his influence against its removal, causing an order to be issued from the department ordering it to remain where it is until the matter can be investigated.

Another one of the moonshiners who escaped from Fultons \$200,000 jail has been captured making three out of the four who escaped that have been captured. Judge Gaston, of Gainesville, caught the first two for which he received a ward of \$20 from Sheriff Nelson. Tippet, the last one captured was returned by his father who stated to the turnkey that he regretted having a son that would violate the law and then break out of jail.

Abner Taylor, who killed his wife and shot her father in Bibb county some time ago, was hanged last Friday in Macon. Taylor says that he thinks his sins have been forgiven and that he will meet his Maker. He first shot the old man and then cut his wife in the back until she died a short time afterwards. It may be that he will get a seat in Paradise but we doubt it after committing such a crime. He was so anxious to get off that he attempted to kill him self.

The public school fund was cut down by the Senate last Friday to \$33,000. The vote for an appropriation of \$100,000 stood 19 for and 19 against when President Dodson cast his vote against it. Senator Underwood of this district voted for the \$1,000,000 appropriation, \$800,000 is a sufficient sum unless parents were educated to force their children to attend school and reap the benefits of the money instead of letting it be wasted. There is no use of increasing this fund to a million when hundreds of children are allowed to spend their time in idleness instead of going to school.

## Gold Mining an Industry.

Mining is as much of an industry as farming or any other pursuits of labor. It is a mistaken idea that most people have of mining that it is wholly a speculation—a sort of a lottery business. That it is a great mistake to put money into a mining scheme, when in fact it is not as much of a risk as many other business operations. As stated heretofore, 98 per cent of the men engaged in the mercantile business fail. In manufacturing for instance, it requires a large capital, and at the best it pays only a small percentage on the capital invested after the goods have been manufactured, it is but a small part of the business, as a market must be found for these goods. But in gold mining there is no competition. There is always a ready market for the product and with no more risk. In going into the gold mining business the investor should satisfy himself that there is plenty of ore containing gold enough to pay. Then if properly managed and economically worked it will pay well, lasting for years and a safe investment for the investor.

It is true the ore may be low grade and it may take as close management as all other business does to make it a good paying investment. This is just the situation here. We have an everlasting amount of low grade ore. We have a good climate. Plenty of water. Cheap and contented labor. No better facilities in the world for work, and compared with what such mines as the Homestake, Alaska, Treadwell and other western mines are doing on much lower grade ore than we have, there is no such word as fail in gold mining here.

The parties who have lately come among us that have invested largely in mining property, mean business. They have good property. They are men of means and business ability. They have carefully investigated the business and the outlook is bright for a good paying investment for the stockholders.

Congressman Rixey, of Virginia, introduced a bill last week for the admission of Confederate as well as Union soldiers to all soldiers' homes and government institutions maintained by the government.

The Senate has confirmed the appointment of Lieut. F. S. Price of Dahlonega.

## In Pain?

**In the Back?**  
Then probably the kidneys.  
**In the Chest?**  
Then probably the lungs.  
**In the Joints?**  
Then probably rheumatism.

No matter where it is, nor what kind; you need have it no longer. It may be an hour, a day, or a year old; it must yield to

## Dr. Ayer's Cherry Pectoral Plaster

Immediately after applying it you feel the soothing, warming, strengthening power. It cures coughing; draws out inflammation. It is a new plaster.

A new combination of new remedies. Made after new methods. Entirely unlike any other plaster. The Triumph of Modern Medical Science. The Perfected Product of years of Patient Toil. Placed over the chest it is a powerful aid to Ayer's Cherry Pectoral in the treatment of all throat and lung affections. Placed over the stomach, it stops nausea and vomiting; over the bowels, it controls cramps and colic. Placed over the small of the back, it removes all congestion from the kidneys and greatly strengthens weakness. For sale by all Druggists. J. C. Ayer & Co., Lowell, Mass.

## Mining Dots.

Capt. Ingersoll informs us that they struck some rich ore down at the Dothead last Monday which shows gold beautifully.

A very rich vein was struck at the Hand last Wednesday. It is about two feet in size and you can stand off ten feet and see the gold in the rock.

The first gold ever found in Lumpkin county was discovered on the Calhoun property some four miles south of Dahlonega by Uncle Benny Parks now deceased.

Capitalists and mining men are visiting us every day or so. We extend to them a hearty welcome and ask them to make a thorough inspection of our mining section. The new dam at the Crescent will be completed this week. The flume and canal from it to the mill will be put through as early as possible, and all the mill machinery placed in position so as to be moving in a month or so.

Notwithstanding the extreme cold weather that has been experienced here within the past thirty days F. V. Moose and his little son have been making about twenty pennyweights a week in their deposit mine down at the Ivey.

S. D. Grindle showed us something over a pennyweight of gold containing several nice little pieces, which he panned out near his garden last Monday. An old miner who was present says that he can make fifty cents a day panning the gravel at this place.

Hugh F. Van Deventer, the owner of the Capps property, was among the visitors here this week. The gentleman has returned home but is to be back again about the first of January to open up his mine, at which place nothing has been done in the way of work since he purchased the property.

Charles Fitts and E. E. Crisson commenced taking ore from a vein last week on the Fishtrap property belonging to Capt. Hall. A few years ago Charlie worked a vein on this property worth one hundred dollars per ton. Both of these gentlemen are practical miners and thoroughly understand their business.

Mr. Whortons force of work men are going right ahead at the Calhoun and will likely have everything in working order by the early spring. There was a dam to construct, mill to repair and many other improvements to make which has required much time and labor before any ore could be crushed. All this work has been going on as rapidly as possible.

Marion Chester and Charlie Anderson are still following a valuable vein discovered a short time ago on the Schly property in less than a mile from Dahlonega. The mine is near property recently purchased by the Dahlonega Consolidated Gold Mining Co. In fact it is believed by some of the Company that the discovery is on their property and a survey will be made in order to decide the question.

John Titus, Lafayette Rider and his son John are moving their boat up into the Yahoola this week for the purpose of getting every thing ready for a test in this stream about the first of January. They made a test for the yellow metal a short distance below the mouth of the Yahoola in the bed of the Chesapeake but were unable to find any now gravel. They struck several dams which had been used for working the bed of the river probably close to three-fourths of a century ago. No doubt they will find new gravel in the other stream which will pay them well.

C. F. Weatherly, of Chicago, arrived in our city last Saturday and stopped at the Hall House. We are informed that this gentleman has been sent here by some Chicago capitalists to inspect the mining properties of this section and if he is convinced that the industry would be a paying investment for them that they will buy property straight out when the same is reported provided there is any mining lands that can be purchased. This looks like business and we are glad that minded men have turned their eyes in this

direction. We guess that there is a good deal of valuable property in this section that can be purchased at reasonable figures from parties who have not the means to buy the necessary machinery to work it themselves. It takes money to make money and unfortunately most of the people here have not a sufficient amount to develop their property.

Hands have been engaged for some time at the Kentucky mine, formerly known as the Preacher, in cleaning out the old Howell and Wallace shaft or incline sunk a few years ago following one of the most valuable veins ever discovered in this country. Thousands of pennyweights of gold were taken from this lead by former operators which had to be abandoned by them on account of their inability to keep the water down. The last pocket taken out of this shaft, being less than a water bucketful, made more than 400 pennyweights of gold. It came near being the rock in the gold than the gold being in the rock. The sight of it was enough to make every one wish that they were miners. The late owners have cut a tunnel to the shaft striking it many feet below the mouth and within about twenty feet of the bottom of the shaft which enables them to keep out the water and follow the vein much more easily and cheaper. The bottom of the shaft has been reached and we are listening every day to hear of them striking one of those rich pockets. When they do it will open the eyes of all lovers of gold.

The legislature adjourned Saturday and the question is, what has it done?

M. G. Head does not mean to run a hotel, but bought the Barnside in order to have a home of his own.

We were given a ripe apple last Tuesday which grew on a June apple tree at James Phillips' being the second crop. Oh, what a great country this is, where apples can be gathered from the trees in December.

Our citizens were somewhat surprised Wednesday when Mr. J. N. Taylor, of Jasper, and Miss Maud Chapman, of Dahlonega, were wedded. Rev. W. H. Parks performed the ceremony and as soon as it was finished the happy couple left out for Jasper. Mr. Taylor formed the acquaintance of his wife when he used to attend college in Dahlonega. May their lives be long and prosperous.

Rev. Mr. Landrum, who was appointed on the Porter Springs mission will locate in Dahlonega. We are informed that Presiding Elder Cook will likely move here too and leave Demorest. When Dr. Green, of Demorest, turned over one of his residences to Mr. Cook, it was believed then that he had donated it to be used for the occupancy of the Presiding Elder, but it turns out now that the Doctor only meant for the minister to occupy it free for one year only.

## Advice to Consumptives

There are three great remedies that every person with weak lungs, or with consumption itself, should understand. These remedies will cure about every case in its first stages; and many of those more advanced. It is only the most advanced that are hopeless. Even these are wonderfully relieved and life itself greatly prolonged.

## Scott's Emulsion

of Cod-Liver Oil with Hypophosphites. Be afraid of drugs but not of fresh air. Eat nutritious food and drink plenty of milk. Do not forget that Scott's Emulsion is the oldest, the most thoroughly tested and the highest endorsed of all remedies for weak throats, weak lungs and consumption in all its stages. For sale by all druggists. SCOTT & BOWNE, Chemists, New York.

## CLOSING OUT OF THE RETAIL TRADE.

Having determined to go exclusively into the manufacturing and wholesale trade, we put on the market for what they will bring our entire stock of

**DRY GOODS, DRESS GOODS,**  
Notions, Clothing, Hats,  
Shoes, etc.

Fifty Thousand Dollars Worth of Goods to

Be slaughtered regardless of cost to us. Bargains for every body. Come quick. Get choice. Tempting bates offered merchants to replenish stocks. Will sell entire retail stock to some live man and secure him the largest established business in N. E. Georgia. Bring the cash. Nothing charged.

**J. G. Hynds Manufacturing Company,**  
Gainesville, Ga.

## Are You Going to Build?

**SPECIAL OFFER.**—100,000 feet Flooring at \$3.00 per thousand. 100,000 feet Weatherboarding at \$8.00 per thousand. 100,000 feet Weatherboarding at \$6.50 per thousand. Write or call for prices on Sash, Doors, Mouldings, Brackets, Columns, Stair and Veranda Balusters, turned and sawed Shingles, Paints, Oil, Lead, etc., if you or your neighbors are going to build. We are manufacturing some lines of Furniture and Sashes that will pay you to examine them before buying. You will be the gainer. Solid Oak Suits \$8. Feed and Livery Stables.

Having permanently located in Dahlonega I am now ready to do all kinds of work in any line at prices to suit the times. Bring along your clocks, watches and sewing machines. All work guaranteed for twelve months. Shop next door to A. P. Norton's old stand. G. H. McGuire. april 23 '11

# THE NUGGET.

DAHLONEGA, GA., DEC. 23 '98.

We wish you all a happy Christmas.

Prof. Stewart and family will spend Christmas in Marietta.

Williams & Son will move into the Crawford store room next to James Tate's first of January.

Miss Birdie Meaders, who has been spending some time at Worth arrived in Dahlonega last Friday.

Glad to note that H. L. Blackwell, who resided out in the eastern part of the county, has become a permanent citizen of Dahlonega.

We notice that those persons advertising their goods dispose of them much faster. There is money to be made by using printers' ink.

Our visitors from Ohio after making a general inspection here last week of the various mines, returned home Saturday apparently very much pleased with what they had seen.

Mr. J. B. Hatfield, wife and child, of Monticello, came up this week on a visit to relatives. Charlie Rice, who has been at that place for several months, returned home with them.

We regret to learn that the little child of our former citizen, T. S. Waters, was badly burned one day last week which crawled into the fire while alone in the room, at Gainesville.

Sheriff Brooksher will move his family into his house now occupied by M. J. Williams, as soon as he is relieved of his official harness, where, it is reported, he will go into the mercantile business later on.

All who are indebted to Anderson & Jones either by note or account will save money and time by coming and settling at once. The time has come when we must collect.

Don't forget G. H. McGuire's auction tomorrow. If you do you will miss a bargain in watches, clocks and musical instruments. This is an opportunity to get what you want at a low price.

Meal seems to be dull at fifty cents from the wagons. Farmers were not damaged by the freshets near as bad as they expected. There has been plenty of corn made to supply the demand until a new crop comes in.

Judge Gaston sold all of his furniture here last week at the Burnside House which is closed to all guests for a short time. This is the first time this hotel has been closed in more than a quarter of a century. However, it won't remain so very long.

We stated some days ago that we hadn't heard of any candidate being out for constable. Mr. J. C. Williams, who has been serving for ten years informs us that he will be a candidate again for reelection. The old gentleman must have given satisfaction or the voters would have certainly made a change before now.

A big variety of merchandise just received at prices lower than this country ever heard of at B. R. Meaders & Sons. Examine their goods before you buy. It will certainly pay you. There is a cheap cash store indeed. Ladies capes, nice ones, 48c to \$1.73. Underwear 24c to 75c. Dashboard lanterns 64c. Men's gloves and mittens 23 to 75c. Fascinators 27c and 44c. Enamelled steel ware cheaper than city prices.

John Seilins, a grown young man, was committed to jail by the Squire of Wahoo district last week, for having stolen a little twelve-inch doll from Scott Stringer. When it was discovered that he had the doll he claimed that he purchased it from merchant Ben Anderson in Dahlonega. Then at the trial he said that he got it from Frank Reese, a clerk at the Hall Mine Co's store. But neither one of the houses had any dolls of this kind, and John is "in for the turkey."

The colored people are going to have a Christmas tree.

A blockader was in the other day taking orders for Christmas liquor.

Clerk John Moore and his wife will spend Christmas in Dawson county.

A fine drove of cattle passed through town last Tuesday for the lower market.

Shoal Creek district has nine widows. Can any district in the county beat this number?

We regret to learn that a little child of Tom Turner was severely burned a few days ago up in Chestnut district.

We understand that Mrs. Head, the mother of our townsman M. G. Head, was severely hurt by a fall the other day.

Jasper Satterfield of Davis' district, killed a fire poker the other day. It weighed 352 pounds and was only 14 months old.

Wash Grizzle tells us that he is willing to serve the dear people of this district in the capacity of bailiff and is now in the race.

The water tank at the jail is the driest thing in town. The incoming jailer should fill it full of rich dirt and plant a lot of sun flowers in it next spring.

You can get the World Almanac and the Nigger for \$1.25. The World tells all about the American war with Spain and more than a thousand other things of much interest to you.

Next Monday night week is the time for the election of a marshal for 1899. There are six applicants for the position up to the present time to-wit: G. D. Bruce, for reelection, James B. Anderson, W. F. Worley, W. W. Crismon, M. V. Barker and W. B. Owen.

The citizens in the neighborhood of Garland, in Lumpkin county, are making an effort to have this post office established, which, if it is, will be supplied by the Half Way route which was advertised and contracted to take effect on the 12th inst. The Kentucky contractor has not been heard of lately and it is not known what he intends to do. The matter has been reported to the authorities at Washington by postmaster Brittain.

Sheriff elect James M. Davis will come up from the farm to our town first of January and don the official robe. We understand that he will get C. M. Moore to help him during court weeks until he gets straightened out. Jim has tilled the soil since he has been big enough to use the plow and hoe, working from day light till dark, and if he is not careful he will hollow have to the jury when he starts to direct the body to the jury room.

We have heard of two weddings occurring last Sunday so far. Squire Walden and Miss Mary, daughter of J. L. Gaddis, were the first couple. Rev. John W. Rider performing the ceremony. And the other was Brice Barret and Miss Malinda McGee, daughter of John McGee, J. N. Austin being the officiating minister. We learned that James Walden and Miss Maggie Patton were to have sailed away in the matrimonial boat but we are unable to say for certain whether they made the trip or not.

After the mail carrier made a trip or two down to Gainesville by way of Price, which route was re-established and ordered to go into effect on the 12th inst., he had to go back on the old route in order to get rid of the mail for Goman and Murrayville, which he will continue to keep up until things are straightened out on that line. The new carrier from Goman to Price has not been supplied with any sack nor no one has been named as postmaster at Price, which office was to have been re-established. Mr. Prater who was postmaster when the office was abolished says that his commission was not taken away from him, but he has no key and a postmaster without any key to the mail sack cannot be expected to distribute much mail.

Capt. Hall leaves for Florida today.

We are glad to note that Squire Bill Scott is much better and able to sit up.

Dr. Howard, after being confined to his bed several days is able to be up a little.

The tax collector closed out on the night of the 20th. There is about \$500 unpaid.

The town marshal requests us to say that all persons due any street tax had better settle at once otherwise it will be issued.

As Capt. Asbury handed us a silver wheel for the Nigger Tuesday he said that he would have something interesting in the way of mining in a few days.

Nimblewill church is going to have a Christmas tree for the Sunday School scholars. More than \$20 worth of presents were purchased for it in Atlanta.

Mrs. Goodrum had a sudden attack of sickness Tuesday and it was feared for awhile that she would not recover but we are glad to learn that she is improving.

Mr. John Wood and Miss Fannie, daughter of G. W. Jenkins, were wedded last Tuesday afternoon in Dahlonega by Squire Worley. Success to the happy couple.

The Clark family have this week added \$100 to the reward offered by the Governor making a reward of \$200 now that is offered for Bob Long who killed Henry Clark in this county October 5th.

The junior editor of the Signal bought a jug, table, picture and the bell that has summoned hungry guests to the table at the Burnside House for the past fifty years, last Saturday. They will be used as relics we suppose.

The patrons of the lower Cane Creek school are requested to meet at the school house next Monday for the purpose of appointing a building committee and to arrange for the removing and building of a new school house.

The Half Way mail will probably make its first trip under the new schedule tomorrow provided Mr. Steiples can get any one to carry it. He was sent here Tuesday by the Kentucky contractor to let it out, but at last accounts had not succeeded.

Charlie Roberts and Lester Cavender got a bottle of liquor the other night and were charged with painting the highway between here and Mechanicsville red by the use of pistols. Lester plead guilty and was fined three dollars and trimmings. Charlie stood a trial and was acquitted.

A new baby girl made its appearance at Goodman Becks the other morning causing him such overjoy that while experimenting with Geo. Sissum so as to ascertain his strength knocked him clear over the dormitory wood pile. George didn't take time to pick up his hat but came running into town holding one of his sides in both hands in search of the marshal. Three and cost is the damage.

Col. Charters tells us that he visited Fulton county's new jail while in Atlanta the other day and found many blockaders closely confined and their cells made so warm that he can't see how in the world they stand it. He almost suffocated what little time he remained in the jail. He says if those that are dealing in liquor only knew how the prisoners suffered in this new jail he believes that they would certainly quit the business.

News reached Dahlonega Tuesday that Revolve Patrick, col., attempted to outrage Mrs. Emory Sain late Monday afternoon at her home on the line of Lumpkin and Dawson counties while her husband was absent working at the Betz mine. He choked and bruised her up considerably and being unable to accomplish his purpose made her promise that she would not tell on him threatening the lone woman's life. He got scared and fled and at last accounts a large number of men were on his trail.

G. H. McGuire is not selling out to leave Dahlonega, but means to trade and give people bargains.

J. A. Howard is inclined to open out a drug store. Let it come. Competition is the life of business.

Mrs. Witherspoon returned from Atlanta last Saturday, where she had been to attend the jubilee.

Col. Charters, after spending several days in Atlanta returned last Saturday. Col. Price has also returned.

Mat Healand of Hightower district, fell off of his wagon the other day and fractured the bone of one of his arms.

Attend G. H. McGuire's auction tomorrow if you desire a watch, or any kind of a musical instrument to play on a Christmas.

Some thirty or forty empty jugs were sold in Dahlonega last Saturday at Judge Gaston's auction. This is a sure sign of a lively Christmas.

Now that the amendment to the stock law was killed by the senate send in the printers fee, all you who want the stock law in the town district and let the matter be decided.

W. H. Early had about two hundred panels of fencing destroyed by fire last Friday night, caused by the woods being set a fire by some unknown party.

Remember that J. F. Williams & Company are continuing to sell out their entire stock of dry goods, shoes, hats, etc., at cost. If you want to get a bargain now is your time.

It may be now that the new mining company will take the old Bessemer House. Capt. Hall has already been consulted by members of the company, who proposes to either sell or rent the building to them.

Last Sunday U. S. Deputy Marshal Grizzle, in company with W. B. Woodward and Wm. Ricketts went out in the direction of Dawsonville and broke into some blockaders' arrangements, no doubt causing him to disappoint some of his Christmas customers, by seizing a still, cap and worm and a small amount of liquor.

A few days ago some fellow carried a load of corn to Capt. Hall's mill to have it ground into feed, which had a horn in it. Two or three of the cogs were broken. This is a good mill but the Captain didn't propose to grind any cows horns, though it was done but injured his mill during the time.

A certain fellow who was drunk last Saturday said that he got so because the law establishing a "board of Roads and Revenues for Lumpkin county was killed." He was in the same condition on Sunday. Don't know what excuse he had for it that day unless he was rejoicing because the legislature had adjourned.

J. H. Walker of Lumpkin county was arrested by the chief of the police of Gainesville on a warrant charging him with misdemeanor the other day. He was brought back by sheriff Brooksher last Saturday who made bond and is once more enjoying his liberty. He is charged with setting fire around a mans house in Yahoola district.

The nugget of gold presented to President McKinley by Col. W. P. Price last week weighed five pennyweights and seventeen grains, which was discovered on the Calhoun lot about two hundred feet from the place where the first gold was discovered in Lumpkin county, now owned by Mr. Whorton, who has recently become the owner.

Our college appropriation of \$6,000 with an additional sum necessary for insurance, went through the legislature without any opposition except one member, who, had probably promised his constituents that he would make a reduction in the expenses of the state and let his ax drop which happened to fall in this direction. Next time he makes the race he will tell them what a strong effort he made, and will promise to do something if they will send him back.

J. F. Williams & Co. are selling out all their goods at cost except groceries so as to move on the public square first of January.

Dr. C. H. Jones has been elected a member of the board of education for the Dahlonega graded schools in place of J. V. Harbison, who resigned.

The iron bridge across the river at the old Bearden's bridge location, was to have been completed by the 20th inst, but the contractors failed to put in their appearance in time.

We guess that the Presiding Elder thought that there was very little chance for a preacher to get any money in a week when Christmas and tax paying time were on hand, is why he didn't come and hold the first quarterly conference in Dahlonega last Monday.

A large number of people attended the box supper at the court house last Saturday night which was given so as to get up money to purchase a chandelier for the Baptist church. All who attended passed off the time pleasantly. The proceeds of the supper amounted to something over \$35.

Mr. Titus found another dead turkey the other day, making three that he killed at one shot recently. He had baited a place and when he shot the gang went in every direction. He got two then and thought that it was all he killed until he found the third one the other day which had died from the effects of a wound he had given it. Can any one beat this for one shot?

Miss Gusste Davis, a daughter of Daniel Davis, of Lumpkin county, died on the 8th inst. down at Hartwell, Ga. She was stricken with paralysis some months ago which attack was too severe for her to overcome. The young lady was a great lover of the Nigger. She could not use her hands and would have some one to hold the paper in front of her while she sat up in the bed and read it. She was a good kind hearted lady and no doubt has gone to rest, at a place where pains and troubles are unknown.

Since John Sulins has been confined in jail for stealing a doll it is reported that they are about to get information to the effect that he poisoned old man Freeland and his family some time ago, the effects of which they didn't recover from for some time. It is said that he was wanting to pay his respects to the old mans daughter who could not get her consent to like him. So determined was he to win her affections that he secured something, so the report goes, and put it in coffee so as to get her to love him. The whole family used the coffee and there was such an overdose of something in it that it came near ending all their days on earth.

We stated in a former issue that the Burnside had been sold to the Dahlonega Consolidated Gold Mining Co., but on last Sunday morning were very much surprised to learn that it had been purchased by M. G. Head. We learn from Capt. H. D. Ingersoll, the manager of the company, the following: The building had been contracted for and the money to be paid as soon as their attorney could pass upon the title and possession could be given to the property, which was promised by the owner January 1st, next. Mr. Gaston came here last Friday about noon and called at the Company's office Saturday morning to close the trade, but said he could not give possession of the room in the house used for the post office. Capt. Ingersoll for the company, refused to take the property unless he could get possession of the whole house. Mr. Gaston then went out saying that he would see what arrangements he could make about the post office. Later in the day he met the Captain on the street and said that he could not give possession of the post office room and required the money to be paid without further delay or investigation of the title and sold it to Mr. Head without notifying the Company or their representative.

We understand that Dr. E. C. Cartledge has hung out his shingle in Atlanta.

S. S. Smith, Peter Peck and W. Donaldson commenced work at the Long Branch mine this week.

Work in the mines will suspend this afternoon until after Christmas in order that the laborers may have a little rest.

Wednesday night-Shotgun Walker contracted to carry the Wahoo mail which will be good news to the citizens on both ends of the line.

The state school commissioner sent out the teachers money on last Wednesday and Thursday. Their pay will likely continue quarterly as the governor thinks it impracticable to pay them monthly.

O. C. Scupin, superintendent of the Betz mine in this county, was recently injured by his shaft caving in causing him to fall thirty feet and had three of his ribs broken. He recovered sufficiently however, to make a trip to Philadelphia last week.

H. D. Jaquish, who has been operating a dredge boat at Woolley's Ford, has moved down the river to Keith's ferry and will operate his boat in the Chattahoochee river. Mr. Jaquish resided in Lumpkin county a few years ago and has many friends here, that wish him success wherever he goes.

The revenue officers have been playing havoc up in the western portion of the county for the past few days. Recently the officers of Ellijay destroyed an illicit distillery out there, and on last Friday Marshal Grizzle cut a still and seized a keg of "backings" or low wine. This low wine made some of them have a high feeling last Saturday.

Some strangers who made several visits here during the summer pretending to want to buy lands containing mica, and who were going to buy up the whole country, have not been here for some time. It is said that some of them got a jug of blockade liquor the last visit which made them feel rich enough without any mica or any other minerals.

The presiding elder failed to put in his appearance and preach at the Methodist church last Sunday as had been previously announced, but his appointment was filled by Rev. D. M. Edwards, being the first time he has occupied the pulpit here since his last appointment to Dahlonega. We did not hear his sermon but we suppose it was a good one, as he used to preach well.

Rev. V. A. Higgins stated to us Saturday that he had cribbed about 600 bushels of corn at his last gathering, being very much, surprised when he went to gather it, as he expected a large amount to be damaged. Many others were deceived about their crops, resulting in a larger yield than was believed at first. Really the farmers up here are in a much more prosperous condition this year than those who reside in a cotton country, and have no room to grumble. They have money enough to pay their taxes and some left and those in a cotton belt can't say this.

We stated some weeks ago that the Methodist Sunday School children would be given a Christmas tree, but the little ones are to be sadly disappointed. A year or two ago the church was improved and its walls covered with paper. The excuse is by some of its opposers that the children would deface the walls of the church if they were allowed to enjoy a Christmas tree. For fear of a little damage to the paper the children are debarred from one of the biggest enjoyments that can be given them, and no doubt the Lord frowns upon any such decision. The happiest moments of childrens lives are spent at Christmas trees and no one should oppose these pleasures even if they were to soil a little of the paper. The new style of religion is not worth a cent. Give us the old customs. If the church is too nice for a Christmas tree it is too fine to hold Sunday Schools in.

# An Up-to-Date.

Once upon a time there was a Young Man who was unable to go upon the Stage, so he acted as waiter in a hash house. Now this Young Man was undoubtedly poorer than he was dishonest but he had the nerve to seek in Marriage the hand of the only daughter of a Bloated Aristocrat. The latter however was sore on the waiter and put in all his spare time collecting insults to heap on his head although the Daughter was over shoots in love with the dashing plate juggler. One Bright but Happy Day the youth was standing in the doorway of the beehive in which he waited for victims of the eating habit to come along when suddenly a large cry of horror punctured the surrounding quietude, and dashing toward him came a maddened steed, while with blanched face the Bloated Aristocrat whose daughter he loved sat powerless in the fated vehicle. The poor but brave waiter saw his Opportunity and grasped it right by the back of the neck. Rushing to meet the maddened steed he shouted aloud as he was wont to do when giving orders to the cook and snatching the apron from about his person, he waved it Frantically in the Air. The maddened animal then swerved from its course and dashing the friendly vehicle against a lamp post flung the Bloated Aristocrat out from therein and broke his proud neck. A proper distance from the funeral the poor but triumphant waiter threw up his job and married the only Daughter of the Dead Aristocrat and they are now living comfortably off the life insurance. Moral.—Pride often gets it in the neck but everything comes to him who waits.—Chicago News.

During the peace jubilee in Atlanta last week President McKinley while addressing the general assembly said: "Every soldier's grave made during the unfortunate civil war is a tribute to American valor. And while when these graves were made we differed widely about the future of the government, the differences were long ago settled by the arbitrament of arms, and the time has now come in the evolution of sentiment and feeling under the providence of God when in the spirit of fraternity we should share with you in the care of the graves of the Confederate soldiers."

## A NEW TRIUMPH.

The Dreaded Consumption Can Be Cured.

T. A. Sloum, the Great Chemist and Scientist, Will Send to Sufferers, Three Free Bottles of His Newly Discovered Remedies to Cure Consumption and All Lung Troubles.

Nothing could be fairer, more philanthropic or carry more joy to the afflicted, than the generous offer of the honored and distinguished chemist, T. A. Sloum, M. C., of New York City.

He has discovered a reliable and absolute cure for consumption, and all bronchial, throat, lung and chest disease, catarrhal affections, general decline and weakness, loss of flesh and all conditions of wasting away; and to make its great merits known, will send three free bottles of his newly discovered remedies to any afflicted reader of the NEGRO.

Already his "new scientific system of medicine" has permanently cured thousands of apparently hopeless cases.

The Doctor considers it not only his professional duty, but his religious duty—a duty to which he owes to suffering humanity—to donate his infallible cure.

He has proved the "dreaded consumption" to be a curable disease beyond a doubt, in any climate, and has on file in his American and European laboratories thousands of "heartfelt testimonies of gratitude" from those benefited and cured, in all parts of the world.

Catarrhal and pulmonary troubles lead to consumption, and consumption, uninterrupted, means speedy and certain death. Don't delay until it is too late. Simply write T. A. Sloum, M. C., 95 Pine Street, New York, giving express and postoffice address, and the free medicine will be promptly sent. Please tell the Doctor you saw his offer in the NEGRO. Jan. 28.

## LUMPKIN SHERIFF'S SALES.

Georgia, Lumpkin County. Will be sold before the court house door in Dahlonega, Lumpkin County, Ga., on the first Tuesday in January, 1899, within the legal hours of sale, to the highest bidder for cash, the following property, to wit:

Lot of land No. (400) four hundred and sixty, in the 12th district and 1st section of Lumpkin County, Georgia, containing 40 acres, more or less. Said property levied on, as the property of McPhail R. Moore, to satisfy an execution issued from the Justices Court of the North District, G. M., of said county, in favor of the First National Bank of Gainesville, Georgia, against McPhail R. Moore, H. D. Ingersoll, C. M. Moore and J. C. Britton, said property being in possession of McPhail R. Moore and pointed out by defendants in said case. Levy made and returned to me by J. C. Williams, L. C.

Also at the same time and place and upon the same terms will be sold one six horse power engine made by Tanner & Deacy, also one No. one Kentucky Shingle Saw mill. Said property levied on as the property of J. B. Huff, to satisfy an execution issued from the Superior Court of said county, on the foreclosure of a mortgage in said county in favor of Ben. H. Moore against said J. B. Huff, said property is located on the land of W. P. Price near the residence of Emanuel Howell, colored, about four miles South-west from Dahlonega, Ga., and said machinery being difficult and expensive to transport it will not be brought out and exposed at the court house on day of sale but will be delivered to the purchaser on the land where it now stands, said property pointed out in said case.

Also at the same time and place and upon the same terms will be sold lot of land No. four hundred and fifty-eight in the 12th District and 1st section of Lumpkin County, Georgia. Said property levied on as the property of Anderson Spriggs, colored, to satisfy an execution issued from the Superior Court of said county in favor of John F. Betz, for the use of officers of Court against said Anderson Spriggs, said property pointed out by plaintiff's in said case.

JOHN H. BROOKHUIS, Sheriff.

## THE BEST SPRING MEDICINE

IS SIMMONS' LIVER REGULATOR. Don't forget to take it. Now is the time you need it most to wake up your Liver. A sluggish Liver brings on Malaria, Fever and Ague, Rheumatism, and many other ills which shatter the constitution and wreck health. Don't forget the word REGULATOR. It is SIMMONS' LIVER REGULATOR you want. The word REGULATOR distinguishes it from all other remedies. And besides this, SIMMONS' LIVER REGULATOR is a Regulator of the Liver, keeps it properly at work, that your system may be kept in good condition.

LIVER REGULATOR is the best blood purifier and corrector. Try it and note the difference. Look for the RED Z on every package. Do not want it on any other medicine, and there is no other Liver remedy like SIMMONS' LIVER REGULATOR—the King of Liver Remedies. Be sure you get it.

## A STRANGE CASE.

How an Enemy was Foiled.

The following graphic statement will be read with intense interest: "I cannot describe the numb, creepy sensation that existed in my arms, hands and feet. I used to rub and lock those parts until they were sore, to overcome in a measure the dead feeling that had taken possession of them. In addition, I had a strange weakness in my back and limbs, together with an indescribable 'tingling' feeling in my stomach. Physicians said it was creeping paralysis, from which, according to their unvarnished conclusions, there is no relief. One day, however, upon a person, they say, it contained the infectious process until it reached a vital point and the sufferer died. Such was my predicament. I had been doctoring a year and a half steadily, but with no success. Finally, when I saw an advertisement of Dr. Miles' Restorative Nervine, procured a bottle and began using it. Movements as it may seem, but a few days had passed before every bit of that creeping feeling had left me, and there has not been even the slightest indication of its return. I now feel as well as I ever did, and have gained ten pounds in weight, though I had run down from 120 to 110. Four others have used Dr. Miles' Restorative Nervine, with similar results to mine."—John Smith, 24 King St.

Dr. Miles' Restorative Nervine is sold by all druggists. A full bottle of Dr. Miles' Restorative Nervine sent direct by the Dr. Miles Medical Co., Elkhart, Ind., for 25 cents. Put up in 10¢ bottles, also for 5¢, express prepaid. It is free from opiates or dangerous drugs.

## FOR ALL WOMEN

NINE-TENTHS of all the pain and discomforts from which women suffer is caused by weakness or derangement in the organs of menstruation. Nearly always when a woman is not well these organs are affected. But when they are strong and healthy a woman is very seldom sick.

## McILREE'S Wine of Cardui

Is nature's provision for the regulation of the menstrual function. It cures all "female troubles." It is equally effective for the girl in her teens, the young wife with domestic and maternal cares, and the woman approaching the period known as the "Change of Life." They all need it. They are all benefited by it.

For advice in cases requiring special directions, address, giving symptoms, the Ladies' Advisory Department, The Chattanooga Medicine Co., Chattanooga, Tenn.

THOS. J. COOPER, Tupelo, Miss., says: "My sister suffered from very irregular and painful menstruation and doctors could not relieve her. Wine of Cardui entirely cured her and she is now a mother through the Change of Life."

# THE NUGGET.

DAHLONEGA, GA., DEC. 30 '98

George Moore is on a visit to Jackson county.

Merchant Tate visited Gainesville this week.

Miss Sallie Reid is up on a visit to her relatives.

Justice of the Peace summons at this office 100 for 50 cents.

Rev. W. H. McAfee spent most of the holidays in bed, being unwell.

Miss Maud, daughter of Mat Wood, was wedded to Wm. Anderson last Sunday.

Rev. Z. Speer, who is stationed at Blairsville, passed through Dahlonega last Wednesday on his way to Dawson county to wed a Miss Bearden.

John Barker and his brother Bob, and Joe Austin, col., were bound over by Com. Baker last Wednesday, being charged with illicit distilling.

It is said that Ens Anderson and one of his sons got so full of overjoyful that they had a fight up near Porter Springs the other day. There is nothing like enjoying Christmas in some manner.

G. H. McGuire has just received a fine new lot of musical instruments this week. If you want a fiddle, banjo or any other musical instrument to help pass off the time with now is your chance to get a bargain.

J. W. Adams, president of the Dahlonega Consolidated, and F. G. Thomson, arrived in our village Wednesday afternoon in company with four other gentlemen, the object of whose visit is to examine the mines.

A crowd of men were near Dahlonega last Saturday in search of the negro who attempted to outrage Mrs. San in Dawson county last week. The men were armed with guns and pistols besides being under the influence of liquor. If they had have found him he would have been a gone darkey.

W. R. Crisson, a citizen of our town, can tell many interesting things which occurred in Dahlonega long years ago. He has doubtless been here longer than any other citizen now living. He is 81 years old and was in Dahlonega in 1831 or '2 when a contest was had between this place and Auraria to see which should have the court house. At the first election Auraria gained. It was claimed to be done by fraud. Then another election was held when Dahlonega won the victory.

Old Barley Corn got in good work over in Wahoo district last Saturday. Some of the preachers, class leaders and squires joined in and assisted the regular indulgers in drinking up all they had, and during the time Tom Sullins was out in the back by John Anderson. Just after Christmas the church list is generally revised but we don't know who will perform this work over that way now since these church officials have joined in with the boys and taken a full hand.

The banquet given at the dormitory last Tuesday night by the Dahlonega Masonic fraternity was an enjoyable affair and a feast indeed. It was attended by nearly every member of this fraternity in the county and a number from other counties, together with their wives—that is those that had any, and the most of them had been fortunate enough to get a companion. No doubt this lodge has lost more of its members during the past 12 months than it has for the same length of time for years. We can name at least five of its members that have passed away since their meeting together on an occasion of this kind. Some of them were prominent Masons whose familiar faces were very much missed on last Tuesday night. But the missing links have been connected but some of them may be severed before the expiration of another twelve months.

Mrs. A. G. Wimpy has been seriously sick this week.

The moon was in a total eclipse Tuesday night shortly after dark.

Mr. James Walden and Miss Maggie Patton married a few days ago in Yahola district.

Blanks for veterans and widows have been heretofore been drawing have been received by the ordinary.

Jeff Wheelchel, of Dawson county, one among the first students of the Dahlonega college, was up this week.

Judge Brittain has moved his family from the Burnside back to his old home place near the Nugget office.

We hope to have some important telephone news that will be of interest to our Dahlonega readers in a few days.

Mr. Weatherly, of Chicago, has been here for a couple of weeks, and is out every day making a thorough investigation of our mineral resources.

During a row down at Landrum in Dawson county last Monday, John Wilson, of Auraria, was shot through the hand by Bud Little. That night Little's skull was burst with a rock by Will Myers.

Young Duncan who enlisted in the army long before the war with Spain, writes back to his brother at Auraria that the weather is dreadfully warm in Cuba. He states that it is hotter there now than it is here in July.

Nearly all the new foot ball players, who took such an active part in the game last Monday were so sore the next morning that they could hardly get up. And the worst of it is some of the laborers who played ball that day instead of going to work lost their jobs in the mines. Others got sick.

Our friend Peter Duncan, of Auraria district, came up Tuesday last and renewed his subscription to the NUGGET, and stated that everything passed off unusually quiet down his way. Not a drop of liquor was seen or even heard of in the whole district which speaks well for the entire community.

While they were arranging to have a Christmas tree down at the Etowah church Saturday night a certain fellow sent word that he would be on hand with a supply of liquor. A gentleman told the messenger that if he man brought any liquor there he would report him to the revenue officers Monday morning. None was brought and everything passed off quietly.

Last Sunday night there being no one present at the Methodist church who wished to perform on the organ minister Edwards stepped to the front and started up the song, "Shall you? Shall I?" The whole congregation joined in, making the first solo stirring music that they have had here since Uncle Tommy rambles used to appear there and sing many years ago. All the churches in the country that own no organs have better vocal music than at either of the churches in Dahlonega. So many trying to imitate the organ ruins all the music.

Everything in Dahlonega was pleasure and happiness last Monday. From the youngest to the oldest all enjoyed themselves. While the young people and middle aged persons were playing football postmaster Brittain was out popping fire crackers with his grand children. Judge Brittain is one of the few old land marks that is left. He was a special friend to Harrison W. Riley who has long since passed away. Judge Brittain is one of the few men who General Riley told where he hid about two thousand dollars in gold. The other old gentleman is still alive and lives out in the country. They are the only two persons that were told the whereabouts of the hidden treasure and will likely die without disclosing the secret. The Judge says that the money is not his and he is not going to tell it so as to create a lawsuit.

Eli Howell killed another turkey this week.

A few days ago James Merritt, of Hall county, was wedded to Miss Mader Hatfield, of Lumpkin county.

Friday night the explosion of a dynamite on the public square by Joseph Townsend cost him five dollars. It is right for those who dance to help pay the fiddler.

We learn that the new company expect to move the saw mill from Jay down on the Barlow property where timber is more plentiful and being much nearer to town.

Enough powder and dynamite were wasted here during last week rejoicing over Christmas, to sink a shaft as deep as some of those out West if properly used, showing up what there is to deep mining in this country.

The NUGGET is among the few weeklies that makes its usual weekly visit this week. It is being complimented on all sides and it is a pleasure for us to work for a reading public when our labor is appreciated, is why we make no stop this week.

It is said that Ming Adams, residing across the Chestate river, loaded up on popskull and let in to beating his wife. His son came in during the row and told the old man to hold up. He refused to obey his sons orders when the boy knocked him down and ended the Christmas eve fun.

The work on the public school house is going right ahead. Not as good lumber is being used in this building as ought to have been. There is entirely too much sap lumber on the outside work, some of which will become decayed before the bonds are settled. Plenty of sap lumber could have been procured in Lumpkin county without having to send twenty-five miles to Gainesville after it.

We went down to the Methodist church last Sunday and remained until twelve o'clock and departed as we always make it a point to put our feet under the table at this hour when able to eat. We didn't get away however, before they sent around the contribution baskets asking for small favors. This part of the program is never forgotten. When we left preacher Edwards was doing some good talking, although somewhat embarrassed on account of the small congregation—38 in number—12 men and the rest of them females, and but very few of these being members of the church. But one of quite a number who had told us that we ought to attend church more regularly, was present.

A petition is being signed by a number of our citizens asking the President to pardon L. H. Helton of Lumpkin county, who was convicted of illicit distilling and several months ago and sent to the penitentiary in North Carolina for about 18 months. He is 64 years old and it is believed if he is released now that he will follow a different occupation the rest of his days. No doubt many more would have signed it than did if one paragraph had been left out, to wit: "we believe that it was from over persuasion" that caused him to violate the law. A man 64 years of age ought not to have been so easily "over persuaded" as to put up and run a blockade distillery under his house.

Luther Walker, whose father is the sub mail contractor on the Half Way route, made his first trip last Saturday. He makes the trip three times a week, a distance of sixteen miles, on schedule time, going and coming. This enables our Cleve land patrons and all others along the route, to get their papers the day after they are published, when before they didn't receive them until the expiration of five days. The boy foots it and is not delayed in waiting for passengers. If the daily mail contractor from Dahlonega would leave off the carrying of passengers he would not be so late so much in going and coming from Gainesville. The mail stage is always on time when it is not loaded down with passengers.

Mr. and Mrs. Earnest Copeland, of Pickens county, came over and spent Christmas in Dahlonega with relatives.

Send in your order accompanied by the money, for your tickets if you expect to make the race for bailiff. People don't care to furnish the tickets and vote for you too.

Geo. W. Stumon has moved to White county. He is in charge of a mine up there and has moved to the works so as to enable him to "eat at home and board at the same place."

The lawyers, doctors, merchants and nearly every one else, who could do any kicking, enjoyed a game of foot ball on the public square last Monday. Mayor Price was too heavy to be in it but had a substitute.

There were so many white people in Lumpkin county who went on the matrimonial excursion that barber Underwood decided that his color should be represented, and he went down to Gainesville and got him a partner last week.

It won't be long now until the council tells us who will be chosen as town marshal for another year. It is a dry council and it is supposed that we will have a dry marshal. This is very poor encouragement for the operator of the blind tiger and moonshiners generally who have been supplying the market for some time.

Thursday night of last week mayor pro tem McGee fined Tine Loggins, Henry Edmonson, Pierce Edmonson and Frank Adams one dollar each and cost for shooting fire crackers within the incorporate limits of Dahlonega. This is the first time Mr. McGee ever performed any official work of this kind since being in Dahlonega.

Tom Sullins, who was confined in jail awaiting the conveying of Lumpkin Superior Court, who is charged with stealing a doll, succeeded in making bond a few days before Christmas, time enough to hang up his stocking for the reception of a doll which he could claim as his own without any molestation, but we don't know whether he got one or not as old Santa might have been disgusted with his previous actions.

Some three weeks ago we clipped an item from the Monticello paper, which stated that the corn down in that section grew so large and fast that when a boy went up a stalk to pull the ears last fall the stalk grew faster than the lad could climb down and he had gone out of sight. Pimp Moore, a farmer residing a few miles out in the country from Dahlonega, informed us that he got in just such a "scrape" when a boy, but he succeeded in getting down by climbing out on one of the corn silks and swung off, landing safely in a large net held by the spectators. Lumpkin county produces as good and as large corn as any country on the globe.

Some days ago we saw an old ex Confederate soldier trudging along our streets by the use of a stick to sign for a couple of doctors to hign his pension papers. He had followed mining up to a few months ago when he had a stroke of paralysis, which has made him a cripple during the rest of his days, causing him to have to call on the state for assistance or suffer for the necessities of life in his declining years. He had answered his country's call and performed his duties well in the struggle which he had been taught was right, in days when he was young and in perfect health, but now when he had grown old and drawn over by pains he was forced to do a thing that seemed very unpleasant to him—ask the state for aid. This put us to studying. But a few days previous the President of the United States was given a nugget of gold to lay away—had no use for it—and at the same time many poor old men like the soldier, not able to buy a peck of meal. The needy generally are forgotten.

Miss May Reese is spending the holidays down at Watkinsville with relatives.

Miss Lila Cain, who has been teaching in Dawson county, returned home a few days ago.

Mrs. J. B. Hatfield, of Monticello, who used to reside in Dahlonega, spent Christmas with her son John here.

We were shown by Miss Pearl Goudlock the other day two very old coins. One was made in 1796 and the other in 1798. One being an American and the other a Spanish coin.

There is a certain man and his wife in Dahlonega who quarrel so much that at any time there is not a row on hand their children can be seen in the yard and heard singing: "Just before the battle, mother."

Mr. Henly, who recently came up from Gainesville to keep books for the Hall Mse Co., is now general manager of the establishment. Although the gentleman has only been here a short while he has made many friends. We have no doubt about him being the right man in the right place.

Albert Wheelchel is wanting to put on the constables robe next Monday. We used to go to school with Albert, in fact he is the last male schoolmate we now have left in Dahlonega. Albert has held this office before and was always wide awake. Will Crissap is also in the field. Will is now filling out an unexpired term and has too, performed his duties well.

We are glad to note that Col. R. M. Bryson, recently admitted to the bar, and who has been doing business in Dawsonville, has moved to Dahlonega and occupies the Harris house. He will hang out his shingle in our town and ask a share of the patronage of all those having any business they wish attended to in his line. We welcome the gentleman to our town and wish him success in his profession.

Prof. Witherspoon, after having a turkey up for about a month getting it ready for Christmas, went out the other morning to see how it was getting along, when lo and behold it was gone. He had lost a ham of meat a short time ago and was not long in deciding that it had gone the same course and in the same manner. Not long afterwards it came trotting up, being so poor that the thief had released it. The Professor after catching and examining the fowl doubtless came to the conclusion that it was some relation to the one we read about Job having.

We have been asked several times what would be the result of the Virginia Bridge Co. not having complied with their contract in completing the Bearden's bridge by the time specified—20th inst. In other words what damages will the county get? Not a cent unless the contractors are willing to deduct something. It is just with them. The company gave a bond of \$1,886, it is true, but nothing is mentioned in the contract about any forfeit for each day after the time specified for its completion for any damages that might be sustained, for their is no way in getting at it. It's true that our town and the county are damaged something every day until the bridge is completed, but how are you going to calculate it? On the New bridge constructed by this same company, they were behind a day or two, for which they agreed to a reduction of \$25, but didn't have to. They had made enough on the contract to give two or three sums this large and then make a good profit. Now, if this company were to fail to do the work and it had to be re-advertised and the next bid was to be higher then this company would have to pay the advertising fee and the amount over and above their bid. Our ordinary should keep a watch out in the future when contracting and have a specified amount mentioned for each and every day after the time agreed on for the work to be done. Then you would see contractors come to time.

Several new buildings will be erected in Dahlonega next spring.

Several new subscribers added to our subscription list during the holidays.

Now is the time to send in your job work and have everything in readiness for the new year.

We had a musical entertainment and an old fashion egg boiling last Monday night, was all the Christmas we enjoyed.

Prof. Stewart and his lady are now down at Marietta where they have been for several days spending the holidays.

If you owe your girl a Christmas present send her the NUGGET—something that she will appreciate—twelve months.

We will tell you who will be town marshal next week. There are several applicants and each one is doing his best to get the job.

Mr. J. Philips, Jr., went home to Nashville to spend Christmas, but is back again now at his post of duty looking after the Findley.

Fulton Williams came over from Gaddistown to spend Christmas with his parents and to see his many friends—more especially the ladies.

Assistant postmaster Price, who went to take Christmas in Atlanta didn't remain long enough to take in many of the sights of that great city.

The members of the Auraria Baptist church had a Christmas tree and also Jones' Chapel. Everything passed off quietly at both places.

Our merchants complain of business being very dull since Christmas. The revenue officers are the only parties that have been doing much.

John Satterfield and Will Weaver came near "hitching" Monday last while playing foot ball, when friends interfered and stopped the "racket."

The Dahlonega post office will be apt to remain in the Burnside House which will be satisfactory to every citizen as it is one of the most convenient places in town.

The young people of Chestate district enjoyed themselves Christmas in serenading the people with a drum and tearing down fences and building them across the public roads at night.

M. J. Williams and his father have decided to move their store to the Burnside instead of the Crawford House. And M. J. Williams will move his family to his residence on Murray's Heights.

Most all the boys have done their Christmas fun and gone to work. The colored people are still having their hops and will continue long enough for some of them to dance themselves out of the church.

We stated in our mining report last week that you could stand off ten feet from the newly discovered vein at the Hand and see the gold in the rock, when we should have said ten steps. We take pleasure in making the correction.

A team belonging to Hatfield attached to a hack containing some young ladies and gentlemen, became frightened Christmas day and tore loose from the vehicle leaving it standing on the public square minus a tongue but no one was injured.

Several presents were put on the Christmas tree at the colored church last Saturday night for white females. Some white boys did it only for fun, but they ought to have had more respect for their race. The managers of the tree ought to have left them off.

We reckon if the Presiding Elder moves to Dahlonega that he will also move the Messenger. Then we will have three newspapers in our town. There is not much of an opening in Dahlonega for a religious newspaper, but there is no telling what might be done in this line. Though we have never had enough confidence in the enterprise to undertake it.
